J. MacDonald, M.D.

OUR ANNUAL MESSAGE FOR 1942 TO OUR FRIENDS AND THE PUBLIC.

We again at this time take great pleasure to be able to present another Edition of MacDonald's Farmers Almanac for the year 1942 to the public. We want to "Thank" our many friends that have read our Almanac during the past 44 years we have published it.

This Edition for 1942 will be the 45th year of publication and we have tried to make this edition more interesting than ever before. The daily guide and other astrological information are true and correct according to our knowledge of astrology.

The General Predictions in this 1942 Almanac are about as complete as we can now publish at this date Oct. 1, 1941 as we all know now about the great war in Europe. It is impossible now for any person to predict the "Out Come" of this Great World War there are so many great changes each day. We are only giving you our version of it the way we see it according to astrology.

Most cordially yours,
Atlas Printing Co.

A. C. MacDonald, Proprietor and Owner since
January, 1919. Established 1897.

General Predictions for 1942

The year 1942 will be ruled by the planet Mercury. Our Solar system consists of a central Sun around which all other planets revolve. Mercury being nearest the Sun (distant about 36 million miles) has a diameter of three thousand miles. It revolves on its axis in twenty-four hours and around the Sun in eighty-eight days traveling at the rate of 110,000 miles per hour. While, however the climate of Mercury is not any colder in the winter than that of the earth, yet the summers are six times as hot and the Sun six times as bright.

The influence of Mercury governs the perceptions, memory and generative principles but his influence will follow either a good or evil planet. His natural influence is to cause melancholy, trickery, perjury, etc.

Those born under Mercury are tall, straight, thin, with high forehead, long narrow nose and face, little hair on the chin but much on the head, and long fingers. All persons born on Wednesday are ruled by the planet Mercury.

The spring of 1942 will be dry, cold and disagreeable. The summer wet. Hay and grain will rot. The fall will be wet with early frost. The winter will be mild from about Oct. 15th to Dec. 15th when plenty of snow and ice can be expected till February. (This is for the northern and central parts of the United States.) (The winter in the south will be cool.) Fruit will vary, some kinds in some localities will be abundant, others in other sections will be a failure. Hops and grapes poor. Mice will be numerous, worms scarce, fish scarce and poor qualities. Diseases of all kinds will be cured slowly. This year we will have an epidemic of contagious diseases especially in cattle, sheep and hogs, a sterile year for everything.

During the spring we will have many storms on the Atlantic coast from Florida to Maine and near the British West India islands. We will also have an epidemic of "Flu" this spring and will also have many other diseases in both people and livestock.

THE WINTER QUARTER

The Sun enters Capricorn Dec. 21, 1941 and the Sun will be closely attended by Mercury in the first house in close square to Neptune, about to culminate Jupiter, ruler of the ascendant is in the seventh house and in trine to Venus in the third house and this is very favorable for international relations for victory. We will see many changes in the World War during this quarter. We the United States will be in war with Germany, Italy and Japan by this time. Russia will continue to gain against Germany. Germany and Italy will suffer most the first of the year 1942. We will see many changes in Europe and no doubt see a Civil War in Germany, France, Italy and other countries in Europe against the Nazi Government.

We will have severe storms on the Pacific Coast and in February we will have many violent storms along the Atlantic seaboard of the United States extending as far south as Central and South America with floods in the Mississippi valley and earth quakes in the West Indies. We will have a severe winter in Europe with much misery, hunger and disease.

Our country, the United States will be attacked in the Pacific by Japan while our government is seeking to keep peace.

THE SPRING QUARTER

The Sun enters Aries March 21, 1942. The Sun will be opposed by setting Neptune, threatens international relations. The Moon with Saturn in the second house denotes economic difficulties with Mercury on the twelfth and square Mars denotes a crime wave.

Jupiter culminating will benefit the United States, Central America, Mexico and Canada. In April with Saturn and Uranus will be rising but in good aspect to the mid heavens and to Mercury in the eleventh house while Jupiter and Mars will be on the second cusp, will be favorable for Washington and our government and we will see many changes in the World War. Russia will be very strong after the hard winter of driving back the German lines and no doubt Russia will have all the German armies

off of Russian soil. At this time Hitler is becoming weaker and he has now given up the idea that he is going to rule the world. United States and England will be much closer now than ever before.

Japan will be about through. She will try to make peace with both China and United States as all the promises Hitler made Japan has not come true and before the year 1942 is over Japan will become one of the Allies and we also predict Mussolini, Italy, will draw from the Hitler side and join the allies.

THE SUMMER QUARTER

The Sun enters Cancer June 22nd and it occurs in the third house the Sun being in conjunction with Jupiter, while Venus will be rising in Taurus denotes progress in all lines. Mars in the fourth house in Sextile to Saturn and Uranus on the cusp of the second is favorable for the determined prosecution of the war and a general reconstruction in general shipping and trade will be good. Money will circulate freely, most everybody will be working drawing good wages and those who will not work can't eat.

THE AUTUMN QUARTER

The Sun enters Libra Sept. 23rd and will be besieged by Neptune and Mars. All three bodies in the eighth house will be trine aspect to Uranus on the cusp of the fourth house indicate a very important death.

Jupiter on the cusp of the sixth house, in excellent aspect to the Moon and Venus indicates good health and a happy contented condition of the people united will enjoy great prosperity. The prices will be very high but everybody will be working and making big money.

The American dollar is the strongest money in the world. Our dollar will be safe but may be reduced or inflated in buying power on account of the high prices. People all over the world will be questioning the safety of their money but the United States dollar will be safe.

During this quarter we will have lots of bad storms on the Atlantic Coast, West Indies, Cuba and the Caribbean Sea. During 1942 we will have many changes in the World War. Germany will break up. Many changes in Russia, France will become active again.

Japan will become friendly again with the United States and England. They will break from Germany and no doubt see trouble between Russia and Japan and Japan and China will not be on friendly terms.

United States is the Greatest Nation in the world as we have the greatest navy and our large army will be ready for the front line of battle if need during the year 1942 and our navy will control the seas. "We must not and shall not falter."

America "Will Win" as it always has in the past and will in the future.

At the end of the year 1942 we will find Germany will be crushed and no doubt Hitler will turn over his leadership to Goering before the year is over. Japan will become the ally of the United States and Italy will also join the allies with a great change in Russia. Great Britain's strength will be increased very rapidly and the United States will be victorious and will be considered the greatest nation on earth, ruler of Land, Sea, and Air.

On Monday Dec. 8, 1941 the Congress of United States voted to declare war against Japan. The Senate vote was 82 to 0 and The House voted 388 to 1 for war with Japan on account of our country was attacked Sunday Dec. 7, 1941 in the Hawaiian Islands, Pacific Ocean by the Japanese without warning, while United States was at peace with Japan and at the solicitation of Japan was still in conversation with its government looking towards the maintenance of peace in the Pacific.

On Thursday Dec. 11, 1941 Nazi Germany and Italy declared war against the United States and on this same day The Congress of the United States declared a state of war against Hitler Germany and Mussolini Italy, Axis partners of Japan with whom this nation went to war on Monday Dec. 8, 1941. The Senate vote was 88 to 0 and the House vote was 399 to 0.

SECOND EDITION—PRINTED DEC. 15 1941

This Almanac was printed in the United States of America.

England will be under a great debt to the United States and no doubt they will give United States all their possessions in the West Hemisphere especially the island of the West Indies, Jamaica, Trinidad and other smaller British islands as the United States at the present time have air bases on these islands, as no doubt all the people that now live on these islands would rather be under the rule and protection of the United States than under Hitler "Nazism."

At the present time this war is costing Great Britain 44 million dollars a day as compared with 28 million dollars a day during the last world war.

The United States total for defense and anti-axis aid this year will be over 18 billion dollars. United States expects to have produced over two hundred thousand military aircrafts by 1943. Another billion dollars is expected, for planes of four-motored bombing type.

The charts and maps of the planetary aspects show very clearly victory to the United States in any foreign activities or developments either in Peace or War.

Thou, too, sail on, O Ship of State!
Sail on, O Union, strong and great!
Humanity with all its fears,
With all the hopes of future years,
Is hanging breathless on thy fate!

Longfellow

BE SURE AND SEND FOR YOUR COPY OF MAC DONALD'S
ASTROLOGICAL ALMANAC FOR 1943. READY NOV. 1st, 1942.

We want a good many more agents and dealers to sell our Almanacs so write for special terms.

Be sure and send us 75 cents (Postal Money Order) for a copy of our new book, "How to Win at any Kind of Speculation." On other pages in this Almanac you will find a lot more information in regards to this new book we are now selling.

COUNT YOUR BLESSINGS

This is the best place on earth!

Your ballot is louder than the thunder of dictators, isn't it? . . . You can have all the butter you want on your toast, can't you? . . . And listen to whatever you like on your radio?

You've never been hit in the teeth with the butt of a musket, have you, and kicked into the gutter, just because someone didn't happen to like the color of your skin, or the texture of your hair, or the shape of your cheek bones?

You haven't heard of anybody starving in concentration camps over here, have you?

A knock at the door doesn't send shivers up your back, does it?

You aren't afraid to discuss the state of the nation over the backyard fence with your next door neighbor, are you?

Your street still rings with the laughter of children, doesn't it?

Your flower-beds haven't been dug up to make bomb-proofs, have they? Or back cloth put over your windows—or sand bags piled on your front porch—there's been no black-out in America, has there?

In short—you're still *your own man*! Chin up, and face to the wind!

This Almanac is copyrighted; which means that we have paid the United States Government a fee to record it with the Librarian of Congress as our own production and private property, and all persons are warned not to reprint or use any part of it without our permission, under Penalty of the Law.

Dear Friend:

We have been able to get a few copies of "Raphaels Prophetic Almanacs for 1942 with the Ephemeris.

This Almanac has been printed in England for the past 122 years and is incorporated with Orion's and Zadkiels English Almanacs.

This Almanac contains your personal horoscope for 1942, predictions of events of the world that will occur in each month, numerous useful tables and other astrological information.

PRICE ONLY ONE DOLLAR A COPY.
Sent by mail postage paid. Send 5 cents extra for insurance.

ATLAS PRINTING CO. BINGHAMTON, N. Y.

The Proper Time To Plant And Harvest

The proper time for planting is when nature has the earth ready and man has prepared the soil for crops as indicated by the signs of the heavens and when this Almanac shows the Moon to be in the right phase and Zodiacal sign.

The planting signs and the days the Moon is in them, as well as the signs for cultivating and destroying noxious growths are given on the page headed "Positions of the Moon." while the name of each sign and its symbol is given on the first page in this Almanac.

The twelve zodiacal signs in practical use for agricultural purposes with a dependable guide are

Cancer	♋	Feminine watery signs
Scorpio	♏	Most fruitful of all
Pisces	♐	Best for all planting
Taurus	♉	Semi fruitful
Capricorn	♑	Earth and air signs
Libra	♎	Fair for planting
Sagittarius	♐	Tend to barrenness
Aquarius	♒	Good for cultivating
Aries	♈	Fair for destroying weeds etc.
Gemini	♊	Represents barren triplicity
Leo	♌	Leo most barren of all
Virgo	♍	Best for destroying weeds etc.

Cancer the mother sign representing country and home, is the most productive of all the signs. Scorpio ranks next, with Pisces third. These are the feminine, fruitful, watery signs.

Taurus, Capricorn and Libra are in the second group. They are semi fruitful and are fair for planting, but Taurus is very good for potatoes and root crops; Capricorn fair. Libra produces vigorous pulp growth and roots and a reasonable amount of grain. Libra is good for flowers.

Sagittarius, Aquarius and Aries the third group are masculine, fiery and air signs and tend to barrenness. Sagittarius is used for onions and seeding of hay. Aries also for onions. Aquarius for cultivating,

Gemini, Leo and Virgo, all considered non-productive and barren, are the best signs for grubbing and destroying noxious growths, especially between the 1st and 20th of August, September, February or June and in old or fourth quarter of Moon. Gemini is used for string beans and cucumbers.

Always do your harvesting near "Full Moon and when it is in the Airy signs Gemini, Libra or Aquarius. The fiery signs Aries, Leo and Sagittarius are next best. Harvest all root crops when Moon is Full and growing old.

Gather seed at Full Moon and when it is in signs Cancer, Taurus, Libra, Scorpio, Pisces or Capricorn.

Celery does fine when planted while increasing Moon is in Libra as it makes quick growth. Flowers also do excellent when planted in this sign.

Use new and increasing Moon for planting and Full and old Moon for harvesting and cultivating.

THE BEST FISHING DAYS

The best days of the month for fishing are those when the moon is in the watery signs—Cancer, Scorpio and Pisces. Fish are more active when the moon is in the watery signs.

During the summer the best time of the day for fishing is from sunrise to two or three hours after, also two or three hours before sunset also one to two hours after. In the cooler months the fish are not active at biting until the air is warmed by the sun. A cloudy day following a moon light night is good. The south or south west winds are most favorable. East winds are most unfavorable. Fish with your back to the winds and so that your shadow does not fall near the line.

Wind from the west they bite the "best."

Wind from the east they bite the "least."

"Behold the fisherman." He riseth up early in the morning and disturbeth the whole household—mighty are his preparations. He goeth forth full of hope and when the day is far spent he returneth, smelling of strong drink and the truth is not in him.

On the following page is the Fishing Day calendar for 1942 showing the best fishing days for 1942. Each fishing day is marked with a small fish.

How to use MacDonald's Almanacs so you will have the correct time, astrologically, for planting and do any other astrological work.

The Moon's quarterly changes begin:

This time is given under eastern standard time. Central time is one hour earlier, mountain is 2 hours earlier, Pacific time is 3 hours earlier. All places in Canada and United States between $52\frac{1}{2}$ and $67\frac{1}{2}$ degrees west longitude is called Atlantic time which is one hour later than eastern standard time and when daylight saving time is in effect where you live you should add one hour to your regular time. Under eastern standard time when it is 12 o'clock noon it is one o'clock under daylight time.

We find the following countries are located in the Atlantic time or between $52\frac{1}{2}$ to $67\frac{1}{2}$ degrees west longitude, Bermuda, Trinidad, Tobago, Grenada, Windward Islands, British and Dutch Guiana, French Cayenne, Puerto Rico and most all of South America also Nova Scotia and Newfoundland in northeast Canada and there time is one hour later than New York for when it is 12 o'clock noon in New York it is 1 o'clock in the Atlantic time. If you live in any other country that is east of 120 degrees west longitude add one hour to your clock time for each 15 degrees of longitude and if you live west of 120 degrees west longitude subtract one hour from your clock time for every 15 degrees of longitude. Any good Atlas shows location by longitude.

Under the Moon phases in the calendar pages of MacDonald's Almanac, the New Moon and the First Quarter are the dark Moons and the Full Moon and the Last Quarter are the light Moons and accordingly to astrology and the signs of the zodiac and the positions of the Moon that are used for planting and other astrologically purposes. The 1st quarter of the Moon is the New Moon or dark and increasing Moon. The second quarter of the Moon is the first quarter under the heading Moon phases on the calendar pages and is a dark and increasing Moon. The 3rd quarter is the Full Moon or light and decreasing Moon. The 4th quarter is the last quarter and is also a light and decreasing Moon.

Always try and plant when the Moon is in the fruitful or water signs such as Cancer, Scorpio and Pisces and in the earthy signs of Taurus, Capricorn and Libra that is fair for planting. Do not plant on the day the Moon changes quarters.

Many of our friends write us in regards to the light and dark Moons and they ask us in regards to which is the second and third quarter of the Moon and we hope this will explain it.

The Harvest Moon—This is the Full Moon which happens on or near the autumn quarter (about Sept. 23rd). It is called the Harvest Moon because it rises from night to night after the Full Moon, more nearly after sunset than any other Full Moon in the year.

The Hunters Moon is the one succeeding the Harvest Moon. Curiosities of the Calendar—No century can begin on a Wednesday, Friday or Sunday. October always commences on the same day of the week as January, April on the same day as July and September the same day as December. February, March and November also begin on the same day. May, June and August do not consent to be matched. These rules do not hold good in leap years.

Mac Donald's Farmers Astrological Almanac for 1943 will be ready about Nov. 1, 1942 and the price will be 20 cents a copy sent by mail postage paid. Send us your order now for a copy of this wonderful Almanac and we will send you your Almanac as soon as printed for 1943 edition. This 1943 Almanac will be our forty-sixth edition and will contain many new articles both agricultural and astrological information never before published in our Almanac. The General Predictions for 1943 will be complete.

Why don't you send us 20 cents now so you will be sure of getting a copy as soon as printed. Agents wanted. Write for special terms. Address all your letters to ATLAS PRINTING CO. OR A. C. MAC DONALD, BINGHAMTON, N. Y., U. S. A. Do not send foreign postage stamps as they are of no value to us.

Planting Days For 1942

Vegetables, vines, plants and all things that produce their yield above the ground, such as peas, beans, tomatoes, lettuce, cabbage, etc., should be planted during the increase while the moon is in a fruitful sign such as Cancer, Scorpio or Pisces, especially during the second quarter or after the new moon is increasing. Do not plant on the day the moon changes quarters. The best days are:

Best planting dates for things that grow and mature above and below ground are as follows:

Above the Ground	Under the Ground
January 19-20-28-29-30	January 8-9-11-14
February 16-17-21-25-26	February 4-5-6-7-11-12
March 19-20-25-31	March 4-5-6-7-10-11-14
April 16-20-21-27-28-29	April 2-3-6-11-12-15
May 18-19-25-26-27-28	May 1-4-5-8-9-13-14-31
June 14-15-22-23-24-27	June 1-4-9-10
July 18-19-20-21-22-25-26	July 1-2-3-6-7-8-11-12-29-30
August 2-15-16-17-18-21-22	August 4-7-8-9-26-30
September 11-12-13-14-18-19-22-23	September 4-5-26-27
October 10-11-12-15-19-20	October 1-3-8-24-25-28-29-30
November 11-12-13-20-21	November 5-6-7-16-25-26
December 8-9-12-13-17-18	December 2-3-4-5-23-29-30-31

The planting dates in the late winter and early spring are given for southern climates and hot house planting, also for buckwheat, timothy, seeding and winter grain.

When the Moon is near full and in the sign of Sagittarius that is a good time to set onion sets or plant seed.

When Moon is increasing or full and in Libra plant and transplant flowers, although the watery signs, Cancer, Scorpio and Pisces are also good.

PLANTING DAYS FOR FLOWERS IN 1942

January 1-8-9-19-20-23	February 4-5-6-7-16-17
March 4-5-6-7-15-25	April 2-3-6-20-21-22-27-28-29
May 1-4-5-18-19-25-26-27-28	June 4-14-15-22-23-24
July 1-2-3-12-18-19-20-22-29-30	August 7-8-9-15-16-17-18-26
September 4-5-13-14	October 1-3-10-11-12-28-29-30
November 5-6-7-16-25-26	December 4-5-12-13-14-23-29-31

The above flower dates may be used also for planting corn, wheat, barley, rye and buckwheat.

IN ALL PLANTING

It is the moon's influence in the ecliptic, of the zodiac, that affects vegetation and it is the zodiacal influence and position of the moon which is taken into account by astrology.

Vegetable seeds planted in the barren or wrong signs of the moon produce plants which are deficient in the vital call-salts needed for health of the plant. By planting at the proper time you can save labor, have better yield and increased profits.

Harvest all root crops when the moon is growing old. They keep better and longer.

Page headed "Positions of the Moon" show the different signs the moon is in on any day of the month and should be referred to for all planting. Each calendar page in this Almanac gives the dates when the moon is new and in the first quarter (increasing), full and last quarter (decreasing).

Moon enters some signs in early morning hours, others late in the day or evening hours. Moon is in a sign on continuous hours of two or three successive days. When Moon is rising, the sign it is in, is rising too.

As a number of our patrons write us regarding the apparent discrepancy between the above positions of the moon and those given in other Almanacs, we will explain the matter as follows: For all PLANTING and ASTROLOGICAL purposes the Moon's true place is in the SIGNS OF THE ZODIAC. Other Almanacs give the Moon's place in the constellations, which is not right for Planting or other Astrological operations.

This Almanac gives the proper place of the moon for all planting and other purposes.

WEATHER FORECAST FOR JANUARY

- 1st to 5th—Windy and blustery weather over the central sections. Clear, cold weather over the states of the Rocky Mountain region and the northwest.
- 6th to 8th—Generally pleasant over the northwest. Cold and some snow in the Lake region and New England States. Cloudy and threatening over the southwest and middlewest and showers on the South Atlantic Seaboard.
- 9th to 13th—Damp, rainy weather over southern sections, with sleet and snow in northwest, and intensely cold weather in the Great Lakes region and New England.
- 14th to 18th—Rising temperature, with fine, pleasant days over Gulf and South Atlantic States, with frosty nights and mornings in central sections. Moderating with considerable rain and little snow in Lake regions and New England States.
- 19th to 22nd—Sleet and snow over the Rocky Mountain region and upper Missouri River Valley. Stormy with considerable rain, in the eastern half of the country. Mild and blustery in the southwest and Gulf regions.
- 23rd to 27th—Much wind and bluster over the states of the southwest and middlewest. Cloudy and unsettled in states of the northwest. Generally clear and cold in the Middle Atlantic and New England States.
- 28th to 31st—Bright, clear weather over western and central sections. Stormy, with squalls of rain, hail and snow along the Middle Atlantic seaboard.

HINTS TO FARMERS FOR JANUARY

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Prepare ground for plowing, cleanup, begin to feed the horses for spring work, feed a few carrots to the horses and mangels to the cows. Start hot beds.

JANUARY'S DISEASES.—This month we have the "January thaw." This change in the weather is responsible for a vast amount of sickness and death. Lagrip, coughs, colds, sore throat and catarrh, all lead to pneumonia and consumption. In nine cases out of ten diseases contracted this month lead to complications that last indefinitely.

DAILY GUIDE—JANUARY

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with fixed purpose, or set of purposes in any individual's daily affairs, may increase or modify the influence of the aspects whether for good or for evil. It is expected this daily guide may prove of useful service to all who are interested. Be aggressive in all you do and cautious in all matters of importance.

6. Write letters, deal with bankers.
7. Do business with educated people.
8. Good for business, especially with the farmer.
9. Good day for the country people.
10. Good for all business.
11. A good day. Go to church.
12. A quiet day (travel).
13. Do not do any thing important.
14. A good day.
15. Deal with people with money.
16. Good for all kind of work.
17. A good working day.
18. A day for religious work.
19. A quiet day.
20. An unimportant day.
21. A day to be careful.
22. A day to avoid other people.
23. Good for business.
24. Deal with brainy people.
25. A good day. Go to church.
26. A good day for home work.
27. A good day for marriage.
28. A good day for all activities.
29. A good day for business.
30. Deal with lawyers and teachers.
31. Write letters.

ZODICAL TENDENCIES CAPRICORN PEOPLE

Born from Dec. 23 to Jan 19, any year

General characteristics. Capricorn is an earthy, movable, serving, feminine, negative sign. Expression, intellect, ambition, ideality. Rules knees and affairs of a public nature.

The man born in this sign is physically strong, talkative, industrious, persevering, generally practical and economical, somewhat particular, never easily discouraged, although often disappointed, careful, cautious, makes the most of his opportunities, and usually triumphs over circumstances, succeeds in farming, building and real estate, excels in story-telling. He is proud, passionate, suspicious, independent, fond of good living, affectionate to his own, selfish regarding them, severe on those who meddle in his affairs, subject to sudden spells of anger; not above manual work when necessary, has capacity for organization, quick to grasp an opportunity, and with ability to plan and execute. Usually careful in all money and business affairs, and a promise is sacredly regarded. Leads rather an anxious life, not always successful, but will have more friends than enemies.

The woman born in this sign has a fine memory, makes a good teacher, is faithful and devoted in domestic relations, very sincere, not demonstrative, but has a hidden, intense and ardent nature. She will make a good wife and mother, but does not like to be interfered with in her household affairs, and never meddles with the affairs of others; usually more discreet than the man and knows how to make both ends meet; dislike flattery, but appreciates praise when she feels she has righteously earned it. She has fine taste in dress and in the arrangement of the home, and a good entertainer; subject to gloomy spells of depression and fits of despondency without apparent cause, nervous from overwork. When understood she is genial and really liked; is good-hearted and does for others more than is expected of her. She will have but little real trouble, not much sickness and but few children.

Both men and women will find congenial friends among people born in all of the signs, but for more intimate companions and partnerships look to those born in Virgo, Taurus or Libra, and those born about the same time of year as themselves.

The birthstone is the Turquoise, favorite gems White Onyx, Moonstone and the colors maroon garnet, brown, silver, black.

WEATHER FORECAST FOR FEBRUARY

1st to 4th—Cold period for the states of the Rocky Mountains, the northwest and the middlewest. Cloudy and moderately cool in the Middle Atlantic and New England States. Gales along the South Atlantic Coast.

5th to 8th—Mild and blustery conditions in the southwest and southern sections. Cloudy, with a little rain and snow at intervals in the middlewest. Cold weather in the Great Lakes region and New England.

9th to 11th—More or less rain in the New England and the Middle Atlantic States. Mild and pleasant in the southern sections and the southwest.

12th to 15th—Frequent rains, turning to sleet and snow in the Rocky Mountain region and the northwest. Thunder storms in the states of the Gulf border from Texas eastward. Clear and mild in the New England States.

16th to 20th—Much wind and bluster in the states of the southwest. Quite cold in the middlewest extending to the Lake region and New England.

21st to 24th—Cloudy and stormy for most portions of the west and southwest. Unsettled conditions on the North Pacific slope. Cloudy and little rain, with rather mild weather, in the Middle Atlantic and New England States.

25th to 28th—Stormy conditions over the middlewest and northwest. Light, local showers in the Gulf States. Rather cold in the Central States, and cold and little snow in the New England States.

HINTS TO FARMERS FOR FEBRUARY

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Look to the fences, clear up fallen trees, finish Winter pruning. Cattle and sheep must be kept dry and warm this month particularly.

FEBRUARY'S DISEASES.—In the North, February is the coldest month of the Winter. It offers new opportunities for catching cold and starting pneumonia and consumption. Rheumatism, sleeplessness, constipation and female troubles begin this month.

DAILY GUIDE—FEBRUARY

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. As there is a planetary law of nature governing all things with an orderly progression that merits considerate attention when applied intelligently to definite effort in every day life, it is expected this daily guide may prove of useful service to all who are interested.

24. A favorable day.
25. Deal with wealthy people.
26. A good day for money matters.
27. Write letters.
28. Not good for operations.

ZODICAL TENDENCIES AQUARIUS PEOPLE

Born from Jan. 20 to Feb. 18, any year

General characteristics. Aquarius is a fixed, masculine, positive, serving, airy sign. Expresses will, power, purpose, rules ankles, pleasure, happiness, mentality.

The man born in this sign has a pleasant, friendly, generous, patient, determined nature; strong likes and dislikes; often very radical and advanced in his ideas; easily influenced by kindness; generally well liked but should be careful regarding friendships and guard against the baleful influence of fascinating types of the opposite sex. He is rather slow to anger, will not be driven, loves liberty, and is fond of occult research, art, music, literature and scientific studies. He is capricious, egotistical, inclined to worry over small affairs; will travel some. His mental quickness makes him very apt in any trade or profession; is adapted to the minor business pursuits and his possibilities in life are good if he improves his opportunities, as he can succeed in almost any line of work he may decide to do.

The woman born in this sign is faithful and devoted in home life and to her friends, but when her confidence is abused she is apt to become treacherous and cruel. She is intuitive, fond of society and likes to dress well; has common-sense views, quick understanding and usually wins the respect and admiration of others; has great power over men for good. She is very industrious, honest, and could succeed in any vocation she might apply herself to; is careful in money matters, careless about promises; has many friends and thinks much of them, also her relations; generally marries well; is a credit to her husband and usually is happy and contented with her family.

Those born under this sign have magical ability to heal and to control insane people. Congenial and business companions will be found in Aries, Leo, Capricorn and Sagittarius born, but marriage partner is best with those born in Aquarius or Libra.

Gems, Amethyst, Sapphire, Opal, Carbuncle, and the colors blue, Nile green and salmon pink.

WEATHER FORECAST FOR MARCH

- 1st to 5th—Clear and stormy over the Rocky Mountain region and the states of the Northwest, with rain and snow in the South. Changeable conditions in the region of the Great Lakes, the Middle Atlantic and New England States.
- 6th to 10th—Clear and stormy over the Rocky Mountain region and central sections. Cold, penetrating winds over states bordering the Great Lakes. A clear, cold spell in the New England States and the states on the North Atlantic seaboard.
- 10th to 14th—Rainy period for southern and central sections, with rain, sleet and snow in states of the northern border. Generally mild and pleasant in eastern sections of the country.
- 15th to 18th—Clear nights and sunny days for states of the Pacific Coast. Stormy in the Rocky Mountains and middlewest. Much fog and mist over the Great Lakes and along the North Atlantic seaboard.
- 19th to 22nd—Pleasant and spring-like weather at most points in the south. Cloudy and cold conditions in northern sections.
- 23rd to 27th—Cloudy and stormy conditions at points in the southwest and middlewest. High winds along the South Atlantic seaboard. More or less snow and rain in the Middle Atlantic and New England States.
- 28th to 31st—Fair and considerably warmer conditions at most points west of the Mississippi River. Stormy and unsettled in eastern sections.

HINTS TO FARMERS FOR MARCH

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Plow early soils, sow early oats, potatoes, peas, spinach, radishes and set onions. Prepare compost manures. Top dress grass and lawns. Prune trees, shrubs and vines, graft fruit.

MARCH'S MISERIES.—There is no more disagreeable month in the year. It is a hard one on elderly people. Warm days and cold ones, bright sunshine and terrible storms. The great struggle between Winter and Summer takes place this month and woe to the person who is taken sick at this time, for they seldom recover. Fever, blood disorders, headaches, and general debility will so weaken the system that any contagion may be contracted.

DAILY GUIDE—MARCH

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with a fixed purpose, or set of purposes in any individual's daily affairs may increase or modify the influence of the aspects whether for good or for evil. It is expected this daily guide may prove of useful service to all who are interested. Be aggressive in all you do and cautious in all matters of importance.

26. A fair day.
27. A favorable day.
28. A good day for business.
29. Sunday: write letters.
30. Deal with teachers.
31. Good for all business.

ZODICAL TENDENCIES

PISCES PEOPLE

Born from Feb. 19 to Mar. 20, any year

General characteristics. Pisces is a mutable, dual, fruitful, feminine, negative, serving, watery sign. Expresses emotion, flexibility, restlessness, rules feet and females in marriage.

The man born in this sign is faithful, timid, sympathetic, loving, honest, industrious, neat particular, loves order and completeness, fond of mystery, romance, music and beautiful scenery; fears ridicule, is restless, inquisitive, apprehensive, self-contradictory, critical, positive in opinion and generally puts too much confidence in the words and promises of friends, when opposed becomes obstinate and disagreeable; generally successful in any mechanical trade or profession which requires fine finish and attention to detail; likes roaming but not new ventures; finds it difficult to change habits, customs and beliefs, but likes change of scene and travel, worries over trifles; is faithful and inclined to be exacting in domestic affairs; likes to make those dependent upon him happy and comfortable; would be more successful in partnership than in individual undertakings. Choice of occupation is wide and generally leads to moderate success in agriculture, labor, trade or profession.

The woman born in this sign is an excellent housekeeper and orderly, untiring in her efforts to accomplish something; inclined to the habit of self-censure and lacks self-reliance; allows her imagination to go to extremes at times, judging wrongly, and serious trouble is the inevitable result through her heart-breaking anxiety and foolish emotions. She is kind-hearted and loving, sensitive and exacting; faithful in domestic life, likes all that is good and refined; does not show her affections openly, is apparently stubborn at times, but easily coaxed, too generous and sympathetic. She is destined to have a large family and to live to an advanced age; generally marries more than once, is fond of talking, change of scenery and recreation; remembers clearly anything seen in which she takes an interest.

The most congenial companions are perhaps found in Capricorn and Virgo people. But for the woman of this birth sign, the Cancer born man would suit best, generally.

Gems, Bloodstone, Chrysolite, Pink Shell, Moonstone. Colors, emerald, green, pink, white and black.

WEATHER FORECAST FOR APRIL

- 1st to 4th—Cool spell over the Rocky Mountain region and states of the northwest. Sharp, killing frosts in many localities. Cool and cloudy, with snow flurries in the Middle Atlantic and New England States.
- 5th to 9th—Thunder showers in the middlewest and southwest. Wind and rain in the states of the northwest, Lake region, New York and New England with thunder and lightning in scattered localities.
- 10th to 12th—Cool and chilly conditions, with much bluster, over western and northwestern sections. Cloudy and little rain, clearing warm in the New England States. Damp and muggy over Gulf and South Atlantic States.
- 13th to 16th—Cool spell in the Central and Great Lakes States. Cloudy and rain at intervals over Southern, Middle Atlantic and New England States.
- 17th to 21st—Mild and pleasant in the southwest, middlewest and Gulf sections. Fog and drizzle in the region of the Great Lakes and along the North Pacific coast. Local showers and generally warm in eastern sections.
- 22nd to 25th—Some rain and quite cool in the northeast section of the country. Fine, spring-like weather in southern and southwestern sections.
- 26th to 30th—More or less rain in central and southern sections. Showers in the states of the southwest bordering on Mexico. Cool, with wind and showers in northern sections.

HINTS TO FARMERS FOR APRIL

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Sow wheat, barley, rye, peas, beans and oats. Transplant cabbage, lettuce and sow all spring vegetables. Horses require full allowances of feed this month. Plant potatoes and shrubs, vines, etc.

APRIL'S AFFLICTIONS.—April is not so much of a month to contract disease as it is to convalesce. If you have escaped disease thus far into the year you should now begin to "clean up." Malaria, boils, bilious attacks, blood diseases, catarrh and skin eruptions begin to show; neuralgia and nervous troubles generally will add to the pangs of other disorders.

DAILY GUIDE—APRIL

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with a fixed purpose, or set of purposes in any individual's daily affairs may increase or modify the influence of the aspects whether for good or for evil. It is expected this daily guide may prove of useful service to all who are interested. Be aggressive in all you do and cautious in all matters of importance.

25. Good for business.
26. Sunday: write letters.
27. A good day.
28. Good for all business.
29. Good to deal in materials from the earth.
30. Good day.

ZODICAL TENDENCIES ARIES PEOPLE

Born from March 21 to April 19, any year

General characteristics. Aries is a masculine, positive, cardinal, fiery, equinoctial sign. Expresses ideality, ambition, intellect, rules head, face, friends and relatives.

The man born in this sign has mental energy, more or less headstrong or impulsive ambitions full of enterprise and new ideas. Is persistent, determined, self-willed, dislikes a master, quick to resent abuse or imposition, but forgiving and will not hold a grudge for long; liable to go to extremes through indignation, hasty speech or lack of discretion. Is at his best when in an executive position. He is very generous, though quite set in his way, stubborn and harsh at times and inclined to be careless in his statements. Generally marries a good woman, but not an early marriage, has a long lease on life; is active in the direction of the public good, and faithful to friends, but does not easily forgive an enemy. Loses his finest opportunities through anger and by not carefully considering all things before engaging in an enterprise.

The woman born in this sign is high-strung, especially capable, but very impatient and irritable under restraint and does best when left to her own methods. She likes a wide range of activity, is shrewd and in business matters should trust to her own intuition. She is a splendid companion, likes music, dancing, home games and outdoor sports. She should be careful in confiding secrets, is easily deceived by those she loves, is respected and honored by the opposite sex and generally has several love affairs favorable to herself. She is apt to marry more than once and while she makes a good wife, she is naturally inclined to business and often engages in it. She has decided ideas, is very generous, but apt to consider her own interests first. She destroys her best talents by hasty judgment, quick temper and jealousy. will frequently find herself mistaken.

Gems, Diamond, Amethyst, and the colors pink, white. Best conjugal mates, Leo and Sagittarius persons, but you would also mate well with your own sign and find pleasant companions in those born in it.

WEATHER FORECAST FOR MAY

- 1st to 5th—Rising temperature with increasing cloudiness over the Pacific Slope, the Rocky Mountain region and the Central States. Quite warm in the south. Rain in the Middle Atlantic and New England States.
- 6th to 9th—Foggy and misty over Gulf and South Atlantic States. Showery in the upper Missouri River Valley and Lake region. Pleasant and quite warm in the Middle Atlantic and New England States.
- 10th to 14th—Generally pleasant weather in the northwest, middlewest, Lake region and New England, but blustery in some localities. Thunder showers in many sections of the south and southwest.
- 15th to 18th—Foggy, damp and generally drizzly conditions to many portions of the south. Dense fogs along the South Atlantic coast. Showers in the upper Missouri River Valley and on the North Pacific coast.
- 19th to 23rd—Warm days and cool nights in the states of the northwest and middlewest. Rain and thunder showers in eastern sections.
- 24th to 27th—Severe thunder storms in the Rocky Mountain district and eastward to the Mississippi River. Hot and summer-like conditions in the states bordering on the Gulf. Generally clear, pleasant and warm to all New England.
- 28th to 31st—Rain at many points in eastern, central and southern sections. Damp and foggy over Lake region.

HINTS TO FARMERS FOR MAY

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

All the principal crops should now be planted, all tender vegetables can now be set out without danger, such as corn, beans, cucumbers, celery and asparagus. Finish planting flowers and shrubs. Look after calves and lambs during cold, chilly storms. Set eggs.

MAY'S MORTALITY.—May is an unfortunate month for the sick. More people die in May than in any other month in the year.

DAILY GUIDE—MAY

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with a fixed purpose, or set of purposes in any individual's daily affairs may increase or modify the influence of the aspects whether for good or for evil. It is expected this daily guide may prove of useful service to all who are interested. Be aggressive in all you do and cautious in all matters of importance.

25. Good day.
26. Good for business.
27. Favorable day.
28. A good day.
29. A good day to travel.
30. Travel, a good day.
31. Sunday: a good day to travel.

ZODICAL TENDENCIES

TAURUS PEOPLE

Born from April 20 to May 20, any year

General characteristics. Taurus is a fixed, earthy, intellectual, feminine, negative sign. Expresses will, power, purpose. rules the neck, throat, also travel.

The man born in this sign is firm, self-reliant, persistent, determined, secretive, reserved and courageous; when angered, furious, headstrong and unyielding. He is slow, patient, plodding, has great physical vitality, sincere, reliable, a faithful friend, steadfast and loyal when put to the test and real necessity arises, but abusive, even to friends when excited or angry. Has keen intuition in all that pertains to practical business, makes few blunders; has good executive ability, also makes a good agriculturist. He is more fortunate in money matters than in love affairs; prefers strangers to relatives; likes to have his own way and is generous in so doing, inclined to interfere in other people's affairs which causes him to be much disliked. He generally lives to old age, has but few real friends and many enemies; likes pleasure and high living, often occupies high positions and becomes wealthy.

The woman born in this sign has a warm-hearted, generous, clinging nature; always ready to bear the burdens and sorrows of those she loves; is an excellent housekeeper, and does not dislike manual labor, but is more fond of a life of ease and pleasure than one which calls for great activity. She will succeed well in lines that pertain to women's affairs. When angered, she becomes furious and says just what she means, regardless of consequences. She should guard against being led away, or misled through sympathetic feeling or flattery. She is careful and economical, has good opportunities for marriage, sometimes makes a mistake, gets a penurious husband and the domestic life is then unhappy. Divorce and second marriage are the consequence and happy result.

Most congenial partner will be found in Virgo and Capricorn born and not infrequently in Libra.

Gems, Moss-Agate, Emerald, and the colors red and yellow.

26. A quiet day.
27. A good day.
28. A favorable day, travel
29. A good day to work.
30. A favorable day.

ZODICAL TENDENCIES

GEMINI PEOPLE

Born from May 21 to June 20, any year

General characteristics. Gemini is a mutable, dual, barren, human, masculine, positive, intellectual, airy sign. Expressions emotion, flexibility, restlessness. Rules arms, hands, shoulders, collar bone and lungs, friends and enemies.

The man born in this sign is kind-hearted, sympathetic, affectionate, fond of home and children, loves change and diversity; has an active mind and can be relied upon in an emergency. Always likes to be busy, has a doubtful nature, hard to understand, but versatile, dextrous and skillful with the hands and has considerable mechanical ability, generally a good writer and capable of filling important positions, inclined to be too generous and superficial. He is fond of the opposite sex, fickle in his affections, but loves only one woman at a time; likes education, travel, has many friends and some secret enemies through jealousy, is apt to pass judgment on others and without considering his own faults. Can easily adapt himself to any environment.

The woman born in this sign is a natural home-maker likes everything that is artistic and beautiful, is affectionate, and thoughtful for the comfort of others; likes to be doing several things at a time owing to her impatient nature; is too generous for her own good; seeks frequent changes when employed; makes a good teacher and can do almost anything in clerical and millinery lines. She is very active and inclined to worry, easily influenced, somewhat jealous, and suspicious, generally attractive. Has powerful imagination, and quick to grasp the thoughts and schemes of others. Honesty with her is a virtue; liable to go to extremes, but can adapt herself to most any condition in life. Ill health is usually brought on by too much activity, excitement and over-work mentally and hysteria is one of the dangers. She should keep free from anxiety, worry and nervousness and get plenty of sleep.

You will find helpful and devoted friends in Virgo and Aries born, but your conjugal mate, if your restless nature finds one, will be best in Libra, Aquarius, or your own sign.

Gems, Beryl, Aquamarine and the colors red, white and blue.

WEATHER FORECAST FOR JULY

1st to 4th—Generally clear and a spell of hot weather in New England and Middle Atlantic States. Cloudy and unsettled weather in the middlewest and Lake region. Hot and dry in the states bordering on Mexico.

5th to 9th—Very warm, dry weather in the states of the Pacific Slope and the Rocky Mountain region. Sultry conditions in the states of the middlewest and south. Considerable rain and thunder showers in the Lake region and New England.

10th to 14th—Local showers over the middlewest and eastern sections of the country. Advanced heat in the states of the North Pacific Slope and the upper Missouri River Valley. Very dry and dust storms in the southwest.

15th to 18th—Thunder showers in the southwest, middlewest and over the South Atlantic and east Gulf States. Somewhat cooler in the states of the Rocky Mountain region and the northwest.

19th to 22nd—Prostrating heat at many points. Dust and drouth felt locally in sections of the south and southwest. Hot weather in eastern sections of the country, with damaging thunder storms locally throughout New England.

23rd to 26th—Very dry in the states of the Pacific Slope, the Rocky Mountain region and the northwest. Showery along the Atlantic Slope.

27th to 31st—Heavy rainfall, with probable hail, in the Missouri River Valley. Generally clear and warm in the Lake region and New England.

HINTS TO FARMERS FOR JULY

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Make pickles, transplant cabbage, hoe corn and potatoes, bank up celery, propagate your plants by slips and cuttings. Harvesting is now over. Wash and shear sheep.

JULY'S TROUBLES.—This is also a bad month for people with weak stomachs, as a consequence the list of "Summer Diseases" is large. Diarrhoea, dysentery, sunstroke, insomnia and vertigo prevail.

DAILY GUIDE—JULY

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. As there is a planetary law of nature governing all things with an orderly progression that merits considerate attention when applied intelligently to definite effort in every day life, it is expected this daily guide may prove of useful service to who are interested. We suggest that it be referred to daily.

26. A good day to travel.
27. Good for business.
28. Deal with people with money.
29. An unfavorable day.
30. A day of unimportance.
31. A poor day.

ZODICAL TENDENCIES CANCER PEOPLE

Born from June 21 to July 21, any year

General characteristics. Cancer is a watery, cardinal, tropical, fruitful, feminine, negative, maternal, movable sign. Expresses intellect, ambition, ideality. Rules breast, stomach health and life.

The man born in this sign is quiet, reserved, highly sensitive, versatile and changeable, has many ups and downs and changes of occupation; loves nature, adventure and strange experiences; is industrious, frugal, attached to home and family, influenced greatly by surroundings; is mediumistic and very conscientious, painstaking often to a fault, is fond of saving, too careful in detail and lacks faith in the future. He has much mechanical ability and executive force, slow to adopt new methods. He is lively, fond of women, show and dress, forgives an injury but does not forget it. He generally marries well, does not want or becomes very wealthy, lives to good age and loses friends through his own actions towards them. Succeeds best in pursuits in which the public is interested, or in occupations connected with the sea or liquids.

The woman born in this sign has a merry disposition, is fickle in love affairs, gay and talkative, but makes a devoted wife and mother, a good housekeeper, neat and orderly. She is generally active in church work, modest, conscientious about giving advice, possesses much dramatic and musical ability, with artistic talent, parsimonious in living expense; likes all kinds of amusements, fond of dress, display and jewels. She generally marries more than once, is destined to have a large family, is passionate and emotional, kind-hearted and can easily put up with inconveniences. Inherits money or property from relatives. Liable to suffer from weak stomach, gastric troubles, and worry concerning family and domestic affairs. She should be very careful in choosing her mate to save future unhappiness. Those born in Pisces or her own sign make the best conjugal marriage partners. The man will find his is Pisces, Virgo, or Libra born. These people need the marriage experience to bring out the higher qualities of love and equality.

WEATHER FORECAST FOR AUGUST

- 1st to 4th—Very warm weather at most points on the Pacific Slope and the Rocky Mountain region. Absence of rain for most sections of the middlewest. Dust storms in the southwest section.
- 5th to 9th—Local showers in the Gulf and Middle Atlantic States. Cloudy and thunder showers over the Lake region and in the New England States. Hot and dry in western sections.
- 10th to 14th—Generally unsettled conditions in the eastern part of the country. Hot, with thunder showers, clearing warm, in the Lake region and New England States.
- 15th to 19th—Cloudy and windy, with dust and bluster, in the southwest. Sultry weather in the Central and Middle Atlantic States. Foggy and damp in southern sections.
- 20th to 23rd—Cool nights and mornings at most points over central and western sections. Thunder showers and changeable over the Lake region, the Middle Atlantic and New England States.
- 24th to 27th—Rain in scattered localities of the west and middlewest. Showery weather, clearing cool in the Great Lakes section and New England States.
- 28th to 31st—Drouth and dust quite general on the Pacific Slope and the southwest. Sultry conditions in the Gulf States. Mild and pleasant in northern sections.

HINTS TO FARMERS FOR AUGUST

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Sow turnips, hoe and cultivate corn and potatoes. Look well to the dairy and fodder. Pack eggs, feed the pigs plenty of green vegetables.

AUGUST AILMENTS.—There is no time in the year when the effects of the weather are felt so much as in August. The blood gets overheated and ferments. Heart disease, fevers and agues prevail, food spoils easily and causes bowel troubles. There is no reason why people should suffer so much more this month than any other.

27. A poor day.
28. Do not do anything of importance.
29. A poor day.
30. A good day: Sunday.
31. A good day for business.

Born from July 22 to Aug. 21, any year

General characteristics. Leo is a fixed, barren, masculine, positive, fiery sign. Expresses will power, purpose. Rules heart, blood, nerves, prosperity, losses and pleasure.

The man born in this sign is active in mind, good-natured, generous, ambitious, independent, determined, honest, outspoken and very conscientious; quickly angered but quickly appeased; has many friends, is a natural leader and good story-teller. He is haughty, mischievous, impetuous, domineering, generally well built and pleasing in appearance, acts from the heart rather than the head; inclined to jump to conclusions. He usually is successful in business ventures; often attains popularity when holding positions of authority, unselfish in money matters, but saving, seldom refuses favors, but expects to have his own way in matters of opinion. He has considerable mechanical skill, never spares himself when interested in his work; is better adapted to mental activity and positions of power and authority than to manual labor; has good judgment, generally a long life and becomes more fortunate as he grows older.

The woman born in this sign is apt to be quiet, most intensely loving and sympathetic to her husband and children, with good will for all, a model housekeeper and fine cook. She is genuinely hospitable, but the friend or relative who injudiciously trespasses on her domains or maternal rights is no longer a welcome visitor; is well thought of by her neighbors, but will fight for her children on the slightest provocation. She is generally very attractive, courageous and virtuous, has a well-pleasing manner in speech and action, but is sometimes misunderstood and not appreciated. When faith or love is lacking there will be no harmony in the home, and nervous irritability and indifference will result. This sometimes causes separation, divorce, or unfaithfulness on the part of lover or husband. She lives to a good old age, has but few children and not much sickness. She will find her best mate in Aries and Leo born man. The man mates well with the woman born in Aries or Sagittarius.

Gems are Ruby and Diamond, and the colors, red and green.

WEATHER FORECAST FOR SEPTEMBER

- 1st to 4th—Blustery and fall-like weather at many points. Cloudy and foggy over lower Mississippi River Valley and the Gulf coast. Hot and little rain in New England and Middle Atlantic States.
- 5th to 8th—Pleasant, seasonable weather at most points in the southwest and middlewest. Changeable and local showers in the region of the Great Lakes and New England States. Quite warm for this time of year in the northwest.
- 9th to 13th—Partly cloudy and showers in Western and Central States. Rain and thunder showers in New England States. Fine and balmy in Southern States.
- 14th to 18th—Cool and blustery over Rocky Mountain sections and the northwest. High winds in the Gulf States and along the South Atlantic seaboard. Cool and pleasant, followed by little rain in the Middle Atlantic and New England States.
- 19th to 22nd—Very changeable weather in the middlewest and southwest. Blustery and stormy in the states of the Gulf and South Atlantic borders.
- 23rd to 27th—Rainy in the states of the Mississippi Valley. Cool and blustery throughout the northwest. Pleasant and agreeable in the Middle Atlantic States. Cool and frosty, followed by rain, in the New England States.
- 28th to 30th—Much cooler in the middlewest, northwest and southwest sections. Clear and warm in the Lake region and New England States.

HINTS TO FARMERS FOR SEPTEMBER

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Harvesting should now be about over, except for fruits, etc. Hand-hoe root crops, get cabbage in and potatoes dug this month. Insure all farm buildings and crops.

SEPTEMBER'S SYMPTOMS.—September is the "Fever Month." You may have passed through the Winter, Spring and Summer without trouble, but look out for September's symptoms. That languid feeling, you feel miserable, your bowels are not right, your flesh feels hot, skin is dry and tongue is coated. These symptoms must not be ignored, unless attended to at once you will be laid up for weeks, if not forever.

DAILY GUIDE—SEPTEMBER

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. As there is a planetary law of nature governing all things with an orderly progression that merits considerate attention when applied intelligently to definite effort in every day life, it is expected this daily guide may prove of useful service to all who are interested.

28. A good day for marriage.
29. A good day to journey in country.
30. A good day for courtship.

ZODICAL TENDENCIES

VIRGO PEOPLE

Born from Aug. 22 to Sept. 21, any year

General characteristics. Virgo is a barren, human, mutable, feminine, negative, maternal, earthly sign. Expresses emotion, flexibility, restlessness. Rules bowels love, courtship and marriage.

The man born in this sign is a modest, thoughtful, serious and industrious person; very active, seldom contented for long; has good endurance and does not show his age; he is quick-tempered, not easily discouraged, usually acts with forethought, is not able to easily save money; practical, nervous, prudent, subtle, sometimes carping criticism of everybody and everything able to carry on great enterprises where he has practical experience to copy from. He always carries through anything he undertakes, never submits to defeat, generally marries a good woman who is a credit to him; his home life becomes more pleasant and attractive as he grows older, has a long life and generally healthy usually attains wealth.

The woman born in this sign is very industrious, a fine housekeeper and likes to have her home and personal belongings tasty and elegant, usually prefers to entertain her friends rather than to be entertained. She is very sensitive and when things go wrong, either gives vent to her ill-humor in bitter, sarcastic speeches or lapses into moody silence. She is usually good-humored, and her fault-finding is of critical, corrective kind, without a trace of ill feeling. If her personal freedom is not interfered with, she is very kind and obliging. She is excitable, timid, restless and needs responsibility of one kind or another to satisfy her restless, mental and bodily activity. The intellect is keen and the qualifications of a high order virtuous, capable and efficient. In love affairs, she is fickle and capricious, has a strong maternal instinct and is a most devoted mother, will have but few children, has great vitality, seldom sick, retains her youthful appearance and lives to a good age generally marries rich or comes into an inheritance.

Congenial friends and associates are found in Libra and Sagittarius, but the best mate is to be found in your own sign, analytical and critical like yourself.

Gems, Sapphire, Cornelian, Hyacinth, Color, Amber, Gold, Black.

 Isaac Rich, philanthropist, 1801.
 Macaulay, Eng. historian, 1800.
 Von Moltke, Ger. marshal, 1800.
 Theo. Roosevelt, 26th Pres., 1858.
 E. Remington, inventor, 1793.
 Thomas F. Bayard, statesman, 1828.
 John Adams, 2nd Pres., 1735.
 Richard M. Hunt, architect, 1828.

WEATHER FORECAST FOR OCTOBER

1st to 5th—V. m. balmy conditions over greater portion of the country. Pleasant conditions over the Rocky Mountain section and the states of the midwest. Local showers in the Gulf States. Cloudy and cool in New England.
 6th to 8th. Local rains, with very blustery and disagreeable conditions in Western and Central States. Unsettled in Middle Atlantic and New England States.
 9th to 12th. Sudden fall in temperature. Cold, frosty nights and bright, sunny days in sections of the west and northwest. Cool and pleasant in the Middle Atlantic and New England States.
 13th to 17th—Stormy in the Rocky Mountain region and the northwest. High winds, with local showers, in the states of the southwest. Very changeable weather in the Central and Middle Atlantic States.
 18th to 21st—Generally clear and warm, with light breezes, in the Middle Atlantic and New England States. Warm, changing to threatening weather, in the southern and southwestern sections.
 22nd to 25th. Clear and quite cool weather generally from the Rocky Mountains eastward to the Atlantic Ocean. Dry and dusty in the far southwest.
 26th to 28th. Rising temperature in states east of the Mississippi River. Much dampness on the Gulf Coast. Clear and cold in the Rocky Mountain region.
 29th to 31st—Chilly weather, with killing frosts at many points in the northern sections of the country. Cloudy and windy on the Pacific coast.

HINTS TO FARMERS FOR OCTOBER

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Seed down permanent pastures, finish all harvesting. Look to the poultry, have everything in snug shape for Winter. Make mushroom beds.

OCTOBER'S DISEASES.—This month is generally healthy, fewer people die this time of the year than any other. The principal disorders are with the kidneys and mucous secretions. Catarrh of the head prevails as well as all pus-forming and discharging afflictions. Those low in vitality suffer most.

DAILY GUIDE—OCTOBER

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with fixed purpose or set of purposes in any individual's daily affairs, may increase or modify the influence of the aspects whether for good or evil. 25. A good day.
26. Good for marriage.
27. Good for courtship.
28. Deal with lawyers and bankers.
29. Start new projects.
30. A day of secretive.
31. A day to write letters.

ZODICAL TENDENCIES LIBRA PEOPLE

Born from Sept. 23 to Oct. 22, any year

General characteristics. Libra is a cardinal, equinoctial, masculine, positive, generative, airy sign. Expresses intellect, ambition, ideality, balance. Rules loins, kidneys, wealth and prosperity. This sign gives marked mechanical ability over all the others.

The man born in this sign has respect for law, clever in judgment, shrewd, secretive, skeptical, but enterprising; restless, fond of luxuries and travel; acts on first impulse, is hopeful, sometimes very inconstant, mercenary and passionate, or just the opposite. His greatest fault is the tendency to be swayed by others, and to exaggerate from over-enthusiasm. He is either a natural-born speculator, merchant or professional man; usually very fortunate. When overtaken by disaster, he recovers quickly and goes to work again with redoubled vigor. Sometimes from his love of excitement, degenerates into a gambler. He usually is gifted with good foresight and economic caution, has many friends and is loved by his wife and family, though he causes them much worry and anxiety at times. He is considerate toward his enemies, is never discouraged, seldom angered, but when he is, leaves nothing unsaid; generous with advice, fond of music and harmony, would make a fine mechanic.

The woman born in this sign is quite different from the man, being retiring, gentle, anxious, kind, merciful and having strong intuition. She is most devoted to friends, family and relatives; is extremely sensitive to inharmonious surroundings and does not like to be dominated by those who demand reasons for everything, easily confused and confounded by the arguments of others and often seems more unreasonable and inconsistent than she really is; as long as she follows her own intuitions she will rarely be deceived. She is fond of amusements, social gaiety and very popular with the opposite sex. She has artistic tastes, makes an excellent teacher of music or mathematics and likes original and practical things. She dislikes hard, dirty, or routine work, generally marries while young and often more than once. Usually gets a good husband, lives to good age, and dies a wealthy widow.

WEATHER FORECAST FOR NOVEMBER

- 1st to 5th—Quite cool and pleasant weather over the central and eastern sections of the country. Dry and dusty over much of the western half of the country. Occasional showers in the Gulf States.
- 6th to 9th—Threatening and stormy conditions from the Rocky Mountains eastward to the Atlantic Ocean. Cloudy and little rain in the Lake region and New England. Windy and rainy, clearing cold, in the southwest.
- 10th to 13th—Cool and clear, with light frosts in many localities of the northwest and the Lake region. Cloudy and foggy in the Gulf and South Atlantic border. Quite pleasant, becoming very blustery in the southwest and south.
- 14th to 17th—Cloudy and stormy over the northwest section of the country, with snow flurries in scattered localities. Abundant over central and southern sections, with high winds along the Gulf Coast.
- 20th to 23rd—Cold winds from the northwest and freezing weather far to the southward. Cloudy, with some rain and clearing cool, in the Lake region and New England States.
- 24th to 28th—Blizzard storms on the North Pacific Slope and states of the northwest. Unsettled and stormy at most points east of the Mississippi River.
- 29th to 30th—Generally cold, with local snows in the northern sections of the country. Clear and balmy in the Southern States. Cool and rather unsettled in the southwest.

HINTS TO FARMERS FOR NOVEMBER

IN THE STATES OF ILLINOIS, INDIANA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

Threshing is now in order. Earth up celery. Cut fuel. Gather leaves. Subscribe for farm papers, books, etc. Get everything in shape for winter.

Nov. is a good time to look after the health of the family. People are careless, catch cold, cough and the flu, and these lead to pneumonia, bronchitis, tuberculosis, the lungs, stomach, kidneys and bladder, causing all manner of complications. Diseases contracted this month are often fatal. The best way to keep the family healthy is to "shoo" "under the willows."

DAILY GUIDE—NOVEMBER

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. As there is a planetary law of nature governing all things with an orderly progression that merits considerate attention when applied intelligently to definite effort in every day life, it is expected this daily guide may prove of useful service to all who are interested.

26. A fair day.
27. A favorable day.
28. A day to write letters.
29. A fortunate day. Sunday.
30. Favors friendship.

ZODICAL TENDENCIES

SCORPIO PEOPLE

Born from Oct 23 to Nov. 21, any year

General characteristics. Scorpio is a fixed, fruitful, feminine, negative reproductive, watery sign. Expresses will, power, purpose. Rules secrets muscular system, males and marriage.

The man born in this sign is secretive, cunning, determined, critical, suspicious; the character is strong and decided, no half-way measures about him, likes luxuries, but economical and calculating, fond of travel, especially on water, often causes great distress among family and friends by his uncompromising and exacting traits. He has great skill with the hands; attends to his own business but in matters of duty makes trouble for others. is capable of much success through bold enterprise, persistent and stubborn in carrying out an undertaking. He is of a jealous nature which often causes him much trouble, is friendly for his own interests and is apt to meet with serious reverses. He has much mechanical ability and in politics and law is aggressive; possesses much energy in productive methods.

The woman born in this sign is attractive, intuitive, an excellent entertainer, but not always the most agreeable companion, difficult to understand, conceals her real feelings, is courteous and affable, a good housekeeper, but dislikes menial work. She is capable and efficient when she has clearly defined duties and wonderfully tenacious and persistent when she does take up any line of work and can adapt herself to almost anything. She rules through fear and her reprovals are of a cold, contemptuous manner, effectual but not lasting. She is proud, reserved, thoughtful, saving, fond of luxury, very passionate in love affairs, likes flattery, but should beware of it except from her husband; inclined to be hard-hearted and unfeeling, yet the nature is nervous and sympathetic, can be led but not driven. She makes a good mother, has several children and is industrious, generally respected, marries more than once, angers her husband at times, has more happiness in the latter years of life and generally dies well off.

These people have determined traits of character, either good or evil, which makes them very much liked or disliked, as the case may be.

WEATHER FORECAST FOR DECEMBER

1st to 4th—Generally clear and cold in the Great Lakes region and the New England States. Occasional rains in the Central and Middle Atlantic States. Cloudy and threatening conditions in the states bordering on Mexico and in the Gulf States.

5th to 8th—Cloudy, with high winds and sudden dashes of sleet and snow in the states of the west and midwest. Strong winds on the Gulf and South Atlantic coastal waters. Little rain and variable in the New England States.

9th to 13th—Cold weather generally in the Central, Middle Atlantic and New England States. Unsettled and very windy, with rains and sleet, in the northwest. Damp and foggy along the Gulf Coast.

14th to 18th—Great fall in temperature at points in the northwest and midwest. Quite cold weather generally over the northern half of the country, with freezing winds extending far to the south.

19th to 23rd—Unsettled and cloudy conditions in the southwest and Gulf States. Generally stormy, with snow storms, and clearing cold, in the northwest. Storms, with some wind, in the Lake region and New England States.

24th to 28th—Snow storms in the northwest, the Great Lakes and central sections. High wind and little rain in the New England States.

29th to 31st—Generally clear and cold in the western part of the country. Quite cold and little snow in different parts of the eastern portions.

HINTS TO FARMERS FOR DECEMBER

LATITUDE OF NEW JERSEY, PENNSYLVANIA, OHIO, MISSOURI, KANSAS AND CALIFORNIA.

This is the month to get into the woods, cut timber and fuel for Summer. Read, think, visit friends, plan for the coming year. This is the one month of the year that farmers can enjoy themselves.

DECEMBER'S DECIMATION.—In no month of the year is it more important to look after the health than in December. The Holidays are coming on and people forget their ailments. The main requirement to health this month is perfect digestion and free circulation of the blood.

SEND 20 CENTS FOR MAC DONALD'S FARMERS ALMANAC FOR 1943. NOW READY.

DAILY GUIDE—DECEMBER

This information is general for all persons born under any of the twelve zodiacal signs and applies to the daily affairs of this year only. Will power with a fixed purpose, or set of purposes in any individual's daily affairs may increase or modify the influence of the aspects whether for good or for evil. It is expected this daily guide may prove of useful service to all who are interested. Be aggressive in all you do and cautious in all matters of importance.

DAILY GUIDE—DECEMBER

1. Good day, write letters.

8. Good for business.
9. Push all business.
10. A good day.
11. Push business.
12. Unfavorable for money matters.
13. Quarrelsome.
14. Be quiet.
15. Unfortunate.
16. Disappointing.
17. Good for business.
18. An active day.
19. Favors marriage.
20. Sunday: favors the home.
21. A fair day.
22. A favorable day.
23. Deal with teachers.
24. A fortunate day.
25. Christmas Day: very happy day.
26. Write letters.
27. A good day.
28. Favorable day.
29. Good for all business.
30. A good day.
31. A good day to clean up everything and put all business and other affairs in good shape for the new year and don't forget to write for a copy of Mac Donald's Almanac for the coming year if you have not all ready received your new Edition.

ZODICAL TENDENCIES

SAGITTARIUS PEOPLE

Born from Nov. 22 to Dec. 22, any year

General characteristics. Sagittarius is a dual, human, masculine, positive, reproductive, fiery sign. Expresses emotion, flexibility, restlessness. Rules hips, thighs and liver, hope and success in new enterprises. The seer and the prophet are born in this sign.

The man born in this sign is direct, outspoken, active, jovial, hopeful, generous, self-reliant, honest, honorable, ambitious, persevering, and not easily discouraged. Loves liberty, freedom, outdoor sports and nature. Dislikes masters and will not be driven; is blunt, impetuous, impulsive, jumps to conclusions; seldom becomes flurried under great excitement. He has good executive power and prompt decision, ability to command where it is necessary to think quickly; likes to do good and can generally be depended upon; seldom mistaken when he follows his own inspirations; dislikes secretiveness; likes travel. Has good mechanical ability and is a "Jack-of-all-trades." Often meets with family troubles and misfortune in business. His good fortune comes mostly through his opposite sex, also most of his troubles; he is seldom without money. His generosity and what he does for others is often paid with ingratitude. When there is no special need for activity, he often seems dull, uninteresting and even indolent. In old age, he reflects on the mistakes of youth.

The woman born in this sign is fond of domestic and social life, an orderly housekeeper, economical, but not penurious, always busy; does not meddle in the affairs of others. She is quick-tempered, never bears malice, seldom forgets an injury; always does one thing at a time and puts her whole strength into it. She is often too quick and decisive, sometimes misunderstood. She has but few children, is very loving and devoted in the home life and expects similar consideration from her husband. She hates anything underhanded, rarely makes mistakes when she follows her own inspirations and should not rely on advice of others. When deceived or ill-treated it is apt to embitter her future happiness.

As the lot of those born under this sign is to be misunderstood, it is best for them to have very few confidential friends; to think well and in silence before deciding on any important matter. They should be very careful in marrying, as serious troubles are apt to occur from uncongenial unions.

HOW TO WIN AT ANY KIND OF SPECULATION USING THE SCIENCES OF ASTROLOGY AND NUMEROLOGY

HOW TO WIN

In every human mind is a spark of the gambling instinct—a desire to take chances that afford the thrill of gaining or losing in such a venture. Life itself is a speculation; a child is born—perhaps it will live and perhaps it will not—a merchant opens a business—perhaps he will succeed, or perhaps he won't; an aviator takes a long flight—perhaps he will make a safe landing, or perhaps he will not, etc. The desire to take chances is innate in all kinds of humanity, primitive or civilized.

Dr. MacDonald said, "Astrology is Astronomy brought to earth and applied to the affairs of men." Astrology, the oldest science in the world has outlined the proper courses for people to follow for many thousands of years. "There is a time and a place for all things," and no more practical science in the world can be applied to mankind's daily affairs than the science of Astrology and Numerology.

Ptolemy, the greatest astrologer and philosopher of ancient times, has said, "judgment must be regulated by thyself, as well as by the science—it is advantageous to make choice of days and hours at a time constituted by the nativity."

While the author of this article does not recommend or encourage promiscuous gambling in any form, he is mindful of the fact that so long as human beings are constituted as they are at present, they are going to indulge in some form of speculation: whether it be for pleasure and amusement, starting in business, taking trips, buying and selling stocks, real estate, commodities, etc. Hence, if people MUST speculate this article will be of value to anyone, by showing them how to combine the laws that rule and regulate the universe with their own judgment. You will remember that accurate judgment is also necessary for the success of any enterprise; yet, by combining this with the fundamental laws of cause and effect outlined by the science of the universe herein treated, a greater measure of success may be attained than by attempting things at a time that might prove to be very inopportune.

King Solomon said: "To everything there is a season and a time for every purpose under the Heavens." This means that human life should be planned in accordance with the planetary influences operating at our birth and those influencing use now. But to each one of us is given the freedom to work in harmony with those great natural laws or to act contrary to them. It is up to us to plan our lives in such a way that we expand under favorable influences and to hold back when the planets are at a critical angle.

Those that do not understand those laws go blindly ahead and blame destiny for their ill luck. All of us, regardless of when born, have periods when we are fortunate and success smiles on us, but from time to time we are under a cycle when our affairs go wrong and opportunities are few. Lucky for us, those cycles come at regular intervals and it is possible to indicate exactly the cycle you are under at the certain age of your life. We have just published a new book "How to Win at Any Kind of Speculation" using the sciences of astrology and numerology. It was impossible to publish the complete article in this book so we have only given you a short outline of the complete new book. It gives you your lucky and unlucky days for under each of the twelve signs of the zodiac, also gives you the exact hours of the day to speculate and this book also tells you how to pick lucky numbers according to the date of your birth and the sign you were born under.

We are making a special price on this new book for only 75 cents a copy (paper cover) sent by mail postage paid. Send Postal Money Order, no postage stamps or foreign postage stamps accepted. Address all letters to Atlas Printing Co., Binghamton, N. Y., U. S. A.

FOUR METHODS FOR USING YOUR FORTUNATE NUMBERS

1. *THE MAGIC HOUR*: Use the number of the day of the week and the number of the hour at which you play or bet. Example: Suppose it is 4 P.M. on Friday (see clock). 4 P.M. is 16 o'clock; Friday is 5. Combine these to make 165 or 75. Then add 1 plus 6 plus 5 equals 12. Add again, 1 plus 2 equals 3. This gives four magic numbers: 165, 75, 12, 3, with the same strength. Use the one that suits you best.

2. *STRIKE THE KEYNOTE*: Use the number of letters in your name and the hour of play. Suppose Jack Brown (9) wants a Lucky Number at 8 P.M. Combine 9 and 20 to make 920. Add these: 9 plus 2 plus 0 equals 11. Add again, 1 plus 1 equals 2. This gives four magic numbers: 920, 29, 11, 2. Use the one that suits you best.

3. *YOUR PINNACLE OF SUCCESS*: Use the number of the day on which you were born and the number of the month. Suppose you were born on Aug. 24th. Combine 24 and 8. This gives 248 or 68. Add 2 plus 4 plus 8 equals 14. Add again, 1 plus 4 equals 5. This gives you four lucky numbers of the same magic power: 248, 68, 14, 5.

4. *LADY LUCK METHOD*: Count the number of letters in your sweetheart's name and combine with the number of letters in your own name. Example: Maybelle Jones (13 letters) and Jack Brown (9 letters) makes 139 or 49. Add these: 1 plus 3 plus 9 equals 13. Add again, 1 plus 3 equals 4. This gives your four Lady Luck numbers: 139, 49, 13, 4. Use the one that suits the occasion best.

NOTE: If you want more than one lucky number in a day, combine your Lady Luck number with the hour. Example: At 20 o'clock (8 P.M.), combine Maybelle Jones (13) with Jack Brown (9): 20.139. Add these to suit your convenience.

ALWAYS NOTE THE HOUR. The time figure changes only when the hour changes. Adding, transposing or combining a magic number does not altar its strength. Example: 165, 75, 12 or 3. Also a zero in a number can be used or not—200, 20, 2.

HOW TO WIN ARIES

For all those born between March 21st and April 20th, any year.

Astrology indicates the exact periods when you should speculate and when you should not do so. The Earth going through the twelve signs of the Zodiac forms certain configurations which indicate your prospects in any game of chance. Thus, you have regular periods every year when you may win or lose. It is up to you to make use of this information. In order to make this reading the most accurate, your sign has been divided into three sections. This division, by decanate, gives you about ten days which are influenced by the Sun's transits.

IF YOU ARE BORN ON MARCH 21st, 22nd, 23rd, 24th, 26th, 27th, 28th, 29th, 30th. You may speculate during the following periods, and may expect to win:

January 21st to 31st

May 21st to 31st

July 23rd to 3rd of August

Nov. 23rd to 3rd of December.

* From March 21st to 31st, you will be tempted to speculate, yet must determine for yourself whether or not this period is fortunate.

Do not speculate from June 22nd to 2nd of July,
September 23rd to 4th of October & December
22nd to 3rd of January of any year.

IF YOU ARE BORN ON APRIL 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th. You may speculate during the following periods of any year, and may expect to win:

February 1st to 11th

June 1st to 12th

August 3rd to 14th

December 2nd to 13th.

* From April 1st to 12th you will also be tempted to speculate, yet you must find out for yourself whether you can win.

Do not speculate from January 2nd to 13th,
July 2nd to 14th & October 3rd to 15th.

IF YOU ARE BORN ON APRIL 11th, 12th, 14th, 15th, 16th, 17th, 18th, 19th, 20th. You may speculate during the following periods of any year, and may expect to win:

February 9th to 20th
June 10th to 21st
August 12th to 23rd
December 11th to 13th.

* From April 10th to 20th you will also be tempted to speculate, yet must find out for yourself whether you can win.

Do not speculate from January 12th to 19th,
from July 13th to 23rd & October 14th to 23rd.

All Aries-born are inclined to take chances between July 22nd and August 23rd. When you speculate in co-operation with others, it would be advisable that your partner is born under one of the following signs:

Aquarius (January 21st to February 19th)
Gemini (May 22nd to June 21st)
Leo (July 24th to August 23rd)
Sagittarius (Nov. 23rd to Dec. 22nd)
Libra (Sept. 24th to Oct. 23rd)

IMPORTANT: Read the cycles of Jupiter, which indicate your fortunate years. When under an adverse cycle, you are warned to be careful in speculating.

Miscellaneous Things to Observe:

Those born between Mar. 21 and Mar. 28th will have better chances in speculation during the new Moon.

Those born between Mar. 29th and Apr. 5th will have better chances in speculation during the second quarter of the Moon.

Those born between Apr. 6 and Apr. 13th will have better chances in speculation during the full Moon.

Those born between Apr. 14th and Apr. 20th will have better chances in speculation during the fourth quarter of the Moon.

MacDonald's Almanac gives the four quarters of the Moon

NUMEROLOGY

According to the Science of Numerology, the Celestial Number of Aries is 7. Mars the ruling planet of this sign has the Number of 6 for its numerical value. Combining these two numbers we have 7 plus 6 which equals 13. This number must now be reduced to a single digit: therefore, 1 plus 3 equals 4. The Number 4, is then the key number for all persons born in Aries. Bear this in mind on all occasions. When you buy a ticket of any sort, see that the Serial Number has 4 as the predominating number. Room Number 4 in a hotel, a Street Number containing a 4 or several 4's, horse Number 4 in a race, player Number 4 in a sport game, a card that totals 4 in a card game, a 4 rolled with dice, 4 on a spin wheel, etc. are considered fortunate for you.

ILLUSTRATION: Suppose you have two cards in your hand: a ten-spot and a three-spot. 10 plus 3 equals 13, and 1 plus 3 equals 4; therefore such a hand of cards would be fortunate for you, or any other combination that could be reduced to 4. If you should have a combination that totals 31, that would also reduce to 4, because 3 plus 1 equals 4, etc. Use the same method of reduction to a single digit with other combinations.

To Find Your Best Days for Speculation:

Any day of any month that totals 4 is considered fortunate for you: thus, the 13th, the 22nd and the 31st of a month because any of these dates reduced to a single digit make 4. The days of the month that are best for speculation are the 4th, 13th, 22nd and 31st. However, you should engage in speculation only in your proper months or periods as explained below.

Proper Hours for Speculation:

The proper hour for speculation is when your ruling planet is governing. Refer to MacDonald's Almanac to find the time of sunrise. Then, count the hours after sunrise. These hours are the same every week, month and year. Only the time of sunrise changes.

HOURS FOR SPECULATION

Sunday: 7th, 14th, 21st hour after sunrise. *Monday:* 4th, 11th, 18th hour after sunrise. *Tuesday:* 1st, 8th, 15th, 22nd hour after sunrise. *Wednesday:* 5th, 12th, 19th hour after sunrise. *Thursday:* 2nd, 9th, 16th, 23rd hour after sunrise. *Friday:* 6th, 13th, 20th hour after sunrise. *Saturday:* 3rd, 10th, 17th, 24th hour after sunrise.

HOW TO WIN TAURUS

For all those born between April 21st to May 21st, any year.

ASTROLOGY indicates the exact periods when you should speculate and when you should not do so. The Earth going through the Twelve signs of the Zodiac forms certain configurations which indicate your prospects in any game of chance. Thus you have regular periods every year when you will win or when you may lose and it is up to you to make use of this information. In order to make this reading the most accurate, your sign has been divided into three sections. This division, by decanate, gives you about ten days which are influenced by the Sun's transits.

IF YOU ARE BORN ON APRIL 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th & May 1st. You may speculate during the following periods, and may expect to win:

February 20th to 1st of March

June 22nd to 3rd of July

August 24th to 4th of September

December 23rd to 3rd of January

* From April 21st to May 2nd, you will also be tempted to speculate, yet must determine for yourself whether or not you can win.

Do not speculate from January 21st to February 2nd, from

July 24th to August 4th & from October 24th to November 3rd.

IF YOU ARE BORN ON MAY 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st. You may speculate during the following periods, and may expect to win:

January 2nd to 12th

March 1st to 11th

July 2nd to 13th

Sept. 2nd to 14th

* From May 1st to 12th, you will also be tempted to speculate, yet must determine for yourself whether or not you can win.

IF YOU ARE BORN ON MAY 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th. You may speculate during the following periods, and may expect to win:

Do not speculate from February 1st to 11th, from

August 2nd to 14th & from November 2nd to 13th.

January 10th to 20th

March 11th to 20th

July 12 to 23rd

September 12th to 23rd

* From May 10th to 21st, you will also be tempted to speculate, yet must determine for yourself whether or not you can win.

Do not speculate from February 9th to 19th, from

August 10th to 23rd & from November 11th to 23rd.

ALL Taurus-born are inclined to take chances between August 24th to September 23rd. When you speculate in co-operation with others, it would be advisable that your partner is born under one of the following signs:

Pisces (February 20th to March 20th) Virgo (Aug. 24th to Sept. 23rd)

Taurus (April 21st to May 21st)

Cancer (June 22nd to July 23rd)

Scorpio (Oct. 24th to Nov. 22nd)

Capricorn (Dec. 23rd to Jan. 20th)

Miscellaneous Things to Observe:

Those born between Apr. 21 and Apr. 24th will have better chances in speculation during the new moon.

Those born between Apr. 29 to May 5th will have better chances in speculation during the second quarter of the moon.

Those born between May 6th to May 14th will have better chances in speculation during the full moon.

Those born between May 15th to May 21st will have better chances in speculation during the fourth quarter of the moon.

MAC DONALD'S ALMANAC GIVES THE FOUR QUARTERS OF THE MOON.

NUMEROLOGY

According to the Science of Numerology the Celestial Number of Taurus is 9. Venus, the ruling planet of this sign also has the number of 9. Combining these two numbers we have: 9 plus 9 which equals 18. This number must now be reduced to a single digit therefore 1 plus 8 equals 9. The number 9 is the key number for all persons born in Taurus. Bear this in mind on all occasions. When you buy a ticket of any sort see that the Serial Number has 9 as the predominating number. Room Number 9 in a hotel, a Street Number containing a 9 or several 9's, horse Number 9 in a race. Player Number 9 in a sport game, cards that total 9 in a card game, a 9 rolled with dice, 9 on a spin wheel, etc. are considered fortunate for you.

ILLUSTRATION: Suppose you have two cards in your hand: a four-spot and a five-spot. Now 4 plus 5 equals 9, therefore such a hand of cards would be fortunate for you or any other combination that could be reduced to 9. If you should have a combination that totals 36, that would also reduce to 9, etc. Use the same method of reduction to a single digit with other combinations.

TO FIND YOUR BEST DAYS FOR SPECULATION:

Any day of the month that totals 9 is considered fortunate for you, thus: the 18th and 27th because these dates reduce to a single digit making 9. The days of the month that are best for speculation are the 9th, 18th and 27th. However, you should engage in speculation only in your proper months or periods as explained below.

Proper Hours for Speculation:

The proper hour for speculation is when your ruling planet is governing. Refer to your Mac Donald's almanac to find the time of sunrise. Then count the hours after sunrise. These hours are the same every week, month and year. Only the time of sunrise changes.

HOURS FOR SPECULATION

Sunday: 2nd, 10th, 16th hour after sunrise. *Monday:* 6th, 13th, 20th hour after sunrise. *Tuesday:* 3rd, 8th, 15th, 24th hour after sunrise. *Wednesday:* 7th, 14th, 21st hour after sunrise. *Thursday:* 4th, 11th, 18th hour after sunrise. *Friday:* 1st, 5th, 15th, 22nd hour after sunrise. *Saturday:* 5th, 12th, 19th hour after sunrise.

HOW TO WIN AT ANY KIND OF SPECULATION USING THE SCIENCES OF ASTROLOGY AND NUMEROLOGY

King Solomon said: "To everything there is a season and a time for every purpose under the Heavens." This means that human life should be planned in accordance with the planetary influences operating at our birth and those influencing use now. But to each one of us is given the freedom to work in harmony with those great natural laws or to act contrary to them. It is up to us to plan our lives in such a way that we expand under favorable influences and to hold back when the planets are at a critical angle.

World Atlas—READERS EDITION

Only slightly larger than the average novel, this atlas contains 172 pages of two-page, four-color maps, including an up-to-date map of each state showing cities, towns, counties, lakes, rivers, mountains, etc., a map of each continent, and maps of every foreign country and U. S. possession.

There are 16 pages of indexes to U. S. cities and towns, showing the locations and populations of about 10,000 places, and 10 pages of indexes showing the locations and latest official populations of over 4,000 foreign places. Five pages are devoted to a gazetteer-index of the world and an index to physical features. There are 30 pages of brief descriptions of every foreign country.

Size, $7\frac{1}{4} \times 10\frac{3}{4}$ inches; 256 pages.

Cloth binding.....\$3.00

MONEY MAKING FORMULAS

Money-Making Formulas is a big book of useful information, a short cut to fortunes. A book that might make your fortune! It will help you save money by making yourself many products you now buy. It will help you make money by producing any of these products for sale, a gold-mine of fascinating, useful information. Thousands of new "make it yourself" trade secrets and compounds for home, factory, workshop, school and laboratory, cosmetics, soap, paint, dyes, polishes and a thousand other formulas many never published before. This book has nearly 650 pages size $8\frac{1}{2} \times 6$ inches and $2\frac{1}{2}$ inches thick. Originally publishers price was \$6.00 a copy. We have been able to get a few copies of this big book and will make a very low price of two dollars a copy sent by mail postage paid any where in United States. Send 10 cents extra for insurance. In Foreign countries send 50 cents extra for postage and registration.

THE NEW EDITION OF DR. MacDONALD'S BOOK, 'SECRETS OF ASTROLOGY REVEALED,' HAS JUST BEEN COMPLETED

We suggest that you read our advertisement of this wonderful book on the inside front cover page of this Almanac. The regular price in a nice red cloth binding is \$1.50 a copy.

Dr. MacDonald's book called "Secrets of Astrology Revealed," contains a table that shows at a glance what planet rules any year from 1898 to the year 2002, also important information in regard to weather, etc., for each planet year which follows this table. This book also gives the influence of each planet, their size, also the number of miles from the sun and all other information in regard to the planets.

This book contains other articles on astrology. It also contains Dr. MacDonald's perpetual calendar that tells the day of the week anybody was born from the years 1700 to 2000. Another table that tells a person's age, also a table to find the moon's age from 1814 to 1946.

The new 28th Edition of Dr. MAC DONALD'S book "SECRETS OF ASTROLOGY REVEALED" also contains a special article called "CRYSTAL GAZING" and is very interesting as well as instructive. This article alone takes 16 full pages that was added to the new Edition and is well worth the price alone we charge for the complete book.

This new Edition also contains the complete article and map "The Earth is Flat" that was first published in Dr. MacDonald's Almanac for 1906, now out of print, but we still have many inquiries for a copy of this wonderful article.

We believe that you will get more valuable and interesting information on astrology in this book than you have ever received before in books that cost two or three times more, and you will not be sorry you sent for this wonderful book. The price is only one dollar a copy paper cover, or \$1.50 in a beautiful red cloth binding.

Send us Postal Money Order, Bank Draft or money in a registered letter and send 10 cents extra so we can send this book to you "insured." If you live in foreign countries or the British West Indies you could send us British Postal Notes or currency 5 shillings for the paper cover or 7 shillings for the red cloth bound Edition and 15 cents so we can send this book to you by registered mail. Always send your letters to us by "Registered mail" if they contain money or postal notes. Address all letters and make money orders payable to ATLAS PRINTING CO., Binghamton, N. Y., U. S. A.

TABLES OF PLANETARY HOURS FOR DAILY USE AND THEIR MEANING

By using the fortunate hours for general activity and matters of importance this information may be found helpful.

Every planet rules certain departments of life and each hour of any day after sunrise is ruled over by one of the planets, and this hour will be generally good or adverse according to the nature of the planet and the description of matters or things ruled by it. In choosing the time to begin enterprises or events of importance, business and travel it is well to do so in a good hour, as planetary hours are used by Astrologers and others with good effect and have been recognized for ages.

If you are deciding on doing anything connected with important matters or occupation ruled by the particular planet of any day or have business or experience coming under the general description of a certain planet, first determine which planet it would come under, then take the day that planet rules the first hour after sunrise and choose an hour ruled by the planet for your purpose as this will double the advantage in your favor.

Study the description of the different planets so that you may first know the one which your special business comes under. If you have a paper or contract to make and sign, this would come under Mercury, the planet ruling Wednesday, as this would prove more favorable than a Mercury hour on some other day. If sun rises at 6:16 A. M. on Wednesday, the 1st, 8th, 15th and 24th hours after sunrise would be the good planetary hours of Mercury.

Mars rules Tuesday. If you wanted to do something that came under the description of this planet and the sun rises at 6:10 A. M. the first good hours would be from 6:10 to 7:10, the second good hour from the 8th hour after sunrise to the 9th, or an hour.

If your ruling planet is Jupiter—and the description of the business matter you wish to consummate comes under Jupiter which rules Thursday, it would be especially favorable to you in these good Jupiter hours of this day.

No one is absolutely ruled by any planet or sign, but some people respond to the influence of different ones. Very few people govern themselves and are greatly influenced by conditions, each in proportion to the amount of their knowledge and the use they make of it, or the lack of it.

Sun—Planet of light rules Sunday. Good hours ruled by it after sunrise on each day of any week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
1st	5th	2nd	6th	3rd	7th	4th
8th	12th	9th	13th	10th	14th	11th
15th	19th	16th	20th	17th	21st	18th
22nd		23rd		24th		

Description—In the good hours of this planet ask favors and make applications for employment of those in good position and authority, also of those in political and government office, and try for promotion. State your request or proposition to them plainly and earnestly. Good to ask favors of managers, employers and influential people. Send out advance notices and make public announcements. Seek that which is lost, give presents, think of others. A critical hour for those taken ill. This is not a good hour for other matters.

Moon rules Monday. Good hours ruled by it after sunrise on each day of any week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
4th	1st	5th	2nd	6th	3rd	7th
11th	8th	12th	9th	13th	10th	14th
18th	15th	19th	16th	20th	17th	21st
	22nd		23rd	27th	24th	

Description of Planet Moon. Favorable for affairs connected with groceries, drinks, fresh water fish, kitchen utensils, washing, nursing, journeys by water, gain by females, increase of trade and domestic matters, canning vegetables and juicy fruits, making cider, vinegar and silo corn. Deal with common people, new acquaintances, female officials, nurses, sailors, public salesman, and things of a liquid nature. Not counted a good hour to lend money, buy cattle or begin any building.

The first hour after sunrise on Monday is counted a double advantage to begin work or attend to matters described under the good aspects of this planet—Moon.

Mars rules Tuesday—Hours ruled by it after sunrise on each day of any week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
7th	4th	1st	5th	2nd	6th	3rd
14th	11th	8th	12th	9th	13th	10th
21st	18th	15th	19th	16th	20th	17th
		22nd		23rd		24th

This hour rules courage, energy, ambition, and all work requiring pluck, perseverance, and endurance. This planet rules surgeons, dentists, machinists, soldiers, military men, engineers, carpenters and mechanical affairs generally. Good hours to study, investigate, attend to business connected with medicine, pharmacy, construction and to deal with animals, transportation, conduct business matters associated with structural iron workers, sewer builders, scavengers, lumberman, hardware dealers, stock raisers, barbers, agents, police, and to solicit and canvass. In this hour there is tendency to accidents, cuts, bruises, fires and inflammatory conditions and quarrels. Be careful, Safety First often saves suffering and expense. Not considered good for surgical operations.

Mercury rules Wednesday. Planet of intelligence and mental activity. Hours ruled by it after sunrise on each day of any week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
3rd	7th	4th	1st	5th	2nd	6th
10th	14th	11th	8th	12th	9th	13th
17th	21st	18th	15th	19th	16th	20th
24th			22nd		23rd	

Description of Planet Mercury. This hour rules friends, accounts, writing, interviews, correspondence, travel and study. Good for all mental work and matters connected with contracts, advertising, public matters, books, studies, speeches, lectures and education. Deal in merchandise, trade, buy or sell, send messages, begin journeys, lend or borrow money, ask favors from wealthy or prominent persons, begin building, plant or graft, deal with business men, commission merchants, distributors, newspapers, editors, reporters, printers, book and stationery concerns, teachers, students, lawyers, bookkeepers, architects, scientists, and young people. Good for dealing with neighbors, drawing up contracts and business generally. Not good to contract marriage in this hour.

Jupiter—the great benefic rules Thursday. Good hours ruled by it after sunrise on each day of the week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
6th	3rd	7th	4th	1st	5th	2nd
13th	10th	14th	11th	8th	12th	9th
20th	17th	21st	18th	15th	19th	16th
	24th			22nd		23rd

Description of Planet Jupiter. Good to deal with bankers, brokers, lawyers, clergymen, clothiers, merchants or provision dealers, commercial men and physicians, buy and invest, speculate, ask favors, begin new undertakings, journeys, lend or borrow money, buy cattle, propose marriage and see the way out of difficulties. If taken ill in this hour the blood or liver is apt to be affected, but the recovery will be quick. Good to sow all kinds of seeds and plant.

Good to leave home on any errand and have it end with success, especially during increase of moon as this hour gives usually good and correct judgment. Use this hour if in need of credit or in difficulty and within reason, but don't expect impossibilities.

Venus rules Friday—Hours ruled by Venus after sunrise any day in each week. Time of sunrise to be taken from this Almanac.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
2nd	6th	3rd	7th	4th	1st	5th
9th	13th	10th	14th	11th	8th	12th
16th	20th	17th	21st	18th	15th	19th
23rd		24th			22nd	

Venus the Goddess of Love. Venus hours rule love affairs, courtship, and social matters, art, music, flowers, pleasure and all dealings with opposite sex. These hours are especially good when Moon is new to buy jewelry, ornaments, or clothing and are also good for any business connected with women, courtship, proposals, marriage or pleasure, refined entertainment, social and general prosperity and popularity. Good to cultivate new friendships, seek the favor of ladies, deal with confectioners, hotel keepers, housekeepers, restaurant managers, milliners, dressmakers, clothiers, tailors, artists, singers, actors, musicians, drapers, nurses, make collections and attend to all affairs of business.

Good to take medicine. Profit and gain may be obtained through dealings with things intended to please people. Taste for delicacies, amusement and matters associated with houses, lands and the fruits of the earth. Strive to make the most of this planetary influence in all affairs such as business, social or domestic matters.

Saturn rules Saturday—The good hours ruled by it after sunrise on each day of any week.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
5th	2nd	6th	3rd	7th	4th	1st
12th	9th	13th	10th	14th	11th	8th
19th	16th	20th	17th	21st	18th	15th
	23rd		24th			22nd

Description of Planet Saturn. Favorable to occupation, positions of trust, responsibility, and executive work, matters connected with property, beginning a building, mines, leasing and attending to business affairs generally, plodding, laborious work, digging in the earth, planning, organizing, buying grain. Deal with farmers, coal men, shoemakers, leather dealers, plumbers, undertakers, real estate matters and affairs of a slow, serious nature, and seek the favor of elderly people. Not a good hour to lend or borrow money or fall sick in, as it threatens disease apt to be of long duration. Good to pay bills and close up matters that have been dragging along.

THE TRUTH ABOUT CANCER

By special permission from the New York State Department of Health, Division of Cancer Control, we are publishing in this year's Almanac a few interesting facts in regards to cancer.

At first we wish to state—that we do not have any medicine for the cure or relief for cancer. Our only advice is to visit your family physician so kindly do not write us for any information about cancer.

"The Truth about Cancer" in this article was prepared by the Division of Cancer Control of the New York State Department of Health, to familiarize the people with the symptoms of this disease. Medical authorities have agreed that education of the public relative to the important facts about cancer is one of the best methods for controlling this disease.

Of course, no one can foretell the future, but if the material in this article is thoroughly digested by our readers their chances of living a longer and healthier life will be increased.

Cancer is preventable in many instances.

Cancer is found in all members of the animal kingdom.

Cancer is second cause of death in the United States.

Cancer is associated with chronic irritation.

Cancer is curable—with surgery, radium and X-Ray.

Cancer is not curable by serums or medicine.

Cancer is not infectious—not due to a germ.

Cancer is not contagious.

Cancer is not loathsome.

Cancer is not inherited.

Cancer is not caused by food.

CANCER OF THE SKIN

Cancer of the skin is more prevalent among men than women because the latter, as an asset to their beauty, protect their skin. If men were more particular in this respect, the occurrence of skin cancer would be decreased.

This disease is usually of long-standing, beginning as a raised area covered by normal skin. Eventually the skin breaks, a scab forms and falls off but the sore remains and does not heal. Subsequent scabs may form and flake off several times. The growth of skin cancer is very slow and is painless except for a little irritation at the site of the sore.

Any crack, sore or fissure on the skin, corners of the mouth or eyelids that does not heal within ten days should receive prompt attention from a licensed practicing physician.

The treatment of skin cancer is sometimes attempted by quacks who prey upon the public with their "sure-fire" cures. If you wish to save valuable time and money, avoid these pretenders as only a licensed physician is qualified to diagnose your physical condition and advise proper treatment.

Cancer of the skin is curable in about 97 per cent of the cases if seen early. Although apparently harmless, if not properly treated, it may become incurable and cause death.

CANCER OF THE LIP

Cancer of the lip is preventable in many instances. If it is localized on the lip, 80 per cent of the patients can be cured but after it involves the lymph nodes of the neck, only 20 per cent of the patients recover.

The cause of cancer of the lip is commonly ascribed to chronic irritation often associated with smoking pipes or cigars. Chapped or cracked lips should be kept greased to prevent the possibility of cancer formation.

Cancer seldom occurs in the midline of the lip but usually develops on either side and then spreads in all directions. Cancer of the upper lip is not so common as cancer of the lower lip. The latter grows rapidly, disseminates to other parts of the body and if not treated may result in death.

Lip cancer, if seen early, responds well to treatment. No advanced cases would be encountered if everyone would consult his family physician whenever any crack, sore or fissure first appears on the lip.

CANCER OF THE MOUTH

Cancer of the mouth is preventable in many cases. People who maintain good oral hygiene by visiting their dentists at least twice a year are seldom afflicted with this disease. A clean mouth free of decayed roots and ragged or jagged teeth does not allow cancer an opportunity to develop.

A hot pipe stem and the combustion products of tobacco often cause an irritation to the tissues of the mouth in the form of a white raised area. This lesion is a forerunner of cancer but if smoking is stopped and the area treated, cancer will not result.

Ill-fitting false teeth which are loose and rub continuously against the tissues of the mouth are also contributing factors in causing cancer. People who wear false teeth should visit their dentists at least once a year.

Any irritation, open sore or fissure in or about the mouth which does not heal promptly should receive immediate attention from the family physician.

*See your dentist every six months.

CANCER OF THE STOMACH

Cancer of the stomach causes more deaths than any other form of cancer. It usually occurs in people over forty years of age and is slightly more prevalent among men than women.

Any vague distress in the stomach which persists may be an indication of early cancer or

chronic indigestion. If it is indigestion, proper medical treatment will cure this condition in the majority of cases. However, if relief is not obtained, the possibility of cancer must be considered. The best method of diagnosing early cancer of the stomach is by x-ray examination. At times x-ray examinations repeated at intervals are necessary in order to detect early cancer. Ulcers of the stomach rarely become malignant, statistics revealing that between 2 and 5 per cent develop into cancer.

Neither food nor the composition of cooking utensils plays a part in the causation of cancer. The consensus of medical men to-day is that surgery is the approved method of treating cancer of the stomach.

CANCER OF THE RECTUM AND BOWEL

Some of the symptoms of cancer of the rectum are hemorrhage, blood-tinged stools or mucous discharge although these signs may occur in other diseases of the rectum. In any event the conditions are serious and demand immediate examination by a physician. Other signs that may mean cancer are changes in the consistency of stools or irregularity of bowel movements. Pain and loss of weight usually occur in the later stages of the disease.

Hemorrhoids or piles do not cause cancer of the rectum but may occur simultaneously with it. If bleeding occurs under such circumstances, it should be attributed to cancer rather than hemorrhoids. Therefore, this symptom demands a thorough rectal examination.

The symptoms of cancer of the intestinal tract are varied and may resemble those of appendicitis, chronic indigestion or other ailments. If distention of the abdomen, alternating constipation and diarrhea, colicky pain, loss of weight or dark bloody stools persist, an x-ray examination should be instituted promptly.

CANCER OF THE BREAST

A single lump in the breast of a woman who is over 20 years of age may be malignant and demands immediate attention. It is a foreign body and should be removed at once. If on examination under the microscope, it is found to be noncancerous, the patient is fortunate. However, even though the tumor proves to be malignant the disease has been discovered early and the chances of cure are favorable.

Any change in the breast such as a lump, bleeding from the nipple or a sore involving the nipple necessitates prompt examination by a physician. These are early symptoms of cancer of the breast. Do not wait for a lump to become painful. As a rule, early cancer of the breast is free from pain.

To examine the breast, gently press the tissues with the palm of the hand against the chest wall—a lump can be felt easily in this manner.

Every lump in the breast, no matter how small, should be removed and examined under the microscope as this is the only positive method of telling whether the lump is cancerous. Only 10 per cent of the lumps found in the breast are malignant. Do not take chances! A simple operation may reveal the true identity of the tumor thereby assuring one of the proper course to follow.

Consult a physician at least once a year for a complete physical examination. In this way not only cancer may be discovered in its early stage but also other diseases which may be present.

Visit your family physician for a periodic health examination at least once a year.

CANCER OF THE UTERUS (WOMB)

Cancer of the uterus is the most common type of cancer found in women. If the symptoms are recognized and treatment given early, it can be cured.

Any discharge from the vagina whether it is watery, bloody, yellow, brown, odorless or offensive should be investigated and treatment administered. These symptoms may or may not mean cancer. Pain seldom accompanies early cancer of the uterus but occurs late in the disease when the malignancy has spread into the surrounding tissues.

Unfortunately, the injuries sustained at childbirth often are inciting factors in the development of uterine malignancies in later life. Therefore, cancer in this organ is more common in married women who have had children. It is believed that proper repair of the uterus after childbirth will prevent cancer. Furthermore, it is recommended that women who have borne children should have examinations of the birth canal at least once a year to prevent cancer or to discover it in the early stages. If this procedure were carried out by every woman in the United States, death from cancer of the uterus would be reduced greatly. Although rare, this type of cancer does occur in single women. In any event any woman having the symptoms described above should consult her doctor at once.

When bleeding occurs after the menopause (change of life) has been established, it is not the return of normal menstruation but signifies that there is some abnormal change in the uterus. At times this is a forerunner of cancer of the uterus.

Any vaginal discharge other than normal menstruation has a cause which if not treated may lead to cancer.

LESS COMMON FORMS OF CANCER

Any enlarged lymph nodes occurring in the neck, groins or armpits should be investigated as they may be the first indication of the presence of certain types of malignancy. The best method of establishing an accurate diagnosis is to have a lymph node removed and examined microscopically. A thorough examination of the blood is also essential. Enlarged lymph nodes are not always indicative of cancer but the source of swelling should be determined promptly.

Cancer of the bone is the only type of malignancy in which pain is generally the first symptom, preceding swelling of the affected part or difficulty in motion. Cancer of the bone has no respect for age and is often found in children. If a child complains continually over a period of time of pain in an arm or leg, do not discount this condition or attribute it to "growing pains" or imagination on the part of the youngster. Take the child to the family physician for a thorough examination, being prepared to have x-ray pictures taken if the doctor considers them necessary. Although cancer may not be present, tuberculosis, or some other infection or disease may be discovered.

Cancer of the kidneys and bladder may be evidenced by blood in the urine, painful urination or obstruction to the flow of urine. If any of these symptoms are experienced, medical advice should be sought at once to rule out malignancy or check it in the first stage. Blood in the urine is always a serious symptom which should never be neglected.

Cancer may also be found in other organs of the body. In every instance nature gives a warning which should be heeded promptly.

If you think you have any of these above symptoms and you are afraid they might develop into a cancer then go see your family physician or any other good doctor at once.

Do not write us for advice or treatment for cancer. We will not give any advice or suggest any forms of treatment other than that of "GO SEE YOUR LOCAL DOCTOR."

DO YOU HAVE TROUBLE WITH YOUR FEET?

Many years ago, when our primitive ancestors roamed the plains in search of food and shelter little concern was felt for the foot other than the natural instinct to avoid sharp objects. The foot was sturdy and well formed, the arch was almost flat and the great toes were straight and flexible. In addition to its function of bearing weight of the foot had prehensile powers (the ability to grasp things).

This trait is still inherent in all of us. Watch the foot of an infant and notice its great mobility and flattened appearance. As the child grows older the foot undergoes rapid changes. The grasping power is gradually lost as the direct results of encasing the foot in shoes and hose. The flattened foot now becomes concave on the inner side. This is known as the inner longitudinal arch. There are three other arches in the foot—the outer longitudinal, the transverse and the metatarsal.

WEAKENED ARCHES

The problem of weakened arches is not only to be taken lightly. In its advance stages it is a definitely disabling deformity. That is why, for instance it disqualifies those seeking jobs in the government service. Years of preparation for civil service in fact whole careers have been shattered through inability to pass physical examinations because of faulty feet.

The symptoms of this condition are many and varied. Among them are: (1) Pain in the feet, knees, hips or back, generally more pronounced at the end of the day. (2) A feeling of tired heaviness in the legs. (3) Swelling of the feet and ankles. (4) A stiffening of the joints of the feet, ankles or knees when at rest. (5) A feeling of weakness in the legs resulting in frequent stumbling and ankle pains. (6) Excessive perspiration. (7) Headaches.

The treatment of weakened arches by individuals specializing in the sale of arch supports or corrective shoes should be discouraged. These appliances represent but one phase of the treatment generally necessary in these cases. At best they will only succeed in smothering the symptoms, with the result that the condition will grow progressively worse. Accurate diagnostic and careful treatment by a Podiatrist is indicated. Home remedies, other than appropriate exercises prescribed by the podiatrist are of doubtful value.

CRIME

At birth—nine children out of every ten have perfect feet. At the age of ten—seven children out of every ten are foot defective. When this statement was recently made to an intelligent mother, her reply was, "It is certainly strange that you find these things: my child had never complained of his feet."

Children rarely complain of pain. It is the duty of the parent to have the child's feet examined at regular intervals because foot conditions, in the main are preventable.

Foot disabilities are insidious. They look innocent and are painless in their beginning. Then is the time for proper podiatric care. If neglected they grow with the child to maturity. When foot ailments are fully developed it is too late for prevention.

Most ugly and painful bunions, malformed toes, weakened arches and ingrowing nails are preventable. It is a crime—when a child is permitted to become the victim of a preventable foot deformity.

BUNIONS

Most of us are familiar with the appearance of a bunion. The great toe is bent inward toward the lesser toes and the joints seem to be greatly enlarged. This leads many to believe that a bunion is some sort of a growth, actually it is not. The condition is generally caused by pointed toes or short stockings, which by maintaining the toe in an abnormally bent position, cause the joint to spring outward. Inflammation completes the process and the result is characteristic knoblike protuberance.

Hallux Valgus should not be confused with gouty and arthritic changes in the bunion joints.

The bunion sufferer may choose from three methods of treatment. (1) The Palliative method which consists of various methods for relief of pain with no attempt at cure. The podiatrist here employs various electrical modalities, heat and massage. If necessary he will take a plaster cast of the joint and make an appliance which will remove the pressure. (2) The Surgical method, while very often necessary, is uncertain. It also entails hospitalization for a considerable period. (3) The Traction (stretching) method, while a comparatively new development in the field of podiatry, seems to painlessly offer the maximum of results with a minimum of risk.

The patient may afford himself some measure of relief at home by means of the foot bath. The foot is immersed in hot water to which is added equal parts of epsom salts and bicarbonate of soda—about one heaping tablespoon of each to a quart of water.

INGROWING NAILS

Almost without exception ingrowing nails are the result of foolhardy scissor work by the patient himself. A tight shoe or stocking causes pressure at the corner of the nail. Snip goes the scissors and the offending corner of the nail is out. A few weeks later, the nail has grown forward and a sharp sliver of the nail has embedded itself into the soft tissue of the nail groove. Infection and swelling are not long in developing and the result is a typical ingrown nail. Professional intervention by the podiatrist is essential at this point. Neglect may result in serious consequences. The diabetic is particularly warned against injudicious cutting.

(1) The nails should be cut straight across, not shorter than the flesh at the end of the toes. (2) Pressure at the corner may be relieved by gently inserting a wisp of absorbent cotton under the nail at this point, with a blunt toothpick.

CORNS

A corn is a mass of dead skin formed by the friction and pressure against the shoe. Because the pressure is greater at certain spots the corn will thicken up unevenly at these places and develop little points or ridges on it under the surface. These are erroneously called "roots." The concentrated pressure of these points on the nerve ending beneath them is what causes the pain.

A common and frequently overlooked cause of corns is a weakened arch. This condition causes an improper attitude of the foot within the shoe and the development of additional points of friction. Very often a corn or callous may be the first symptom of a weakening arch.

Cavities in the teeth require the service of the dentist. Corns require the service of the podiatrist. Home surgery for corns by means of knives, scissors or razors is both unsatisfactory and unsafe. So called "Corn Cures," are equally dangerous. The presence of a corrosive acid oftentimes leads to irritation and infection.

(For those that want to use a home remedy for corns we have a very good liquid corn remedy called "Atlas" Corn Remedy, price 25 cents a bottle. We have been selling this remedy now for over 25 years and we have never had any complaints. For the past several years we have not advertised it, only selling to our old customers now and then as they need it.)

Newer developments in the podiatric treatment of these painful growths stress the elimination of the cause, whether it be incorrect posture, bone derangement, weak or flattened arches, or faulty foot apparel.

FOOT GEAR

The earliest known foot gear was worn in Egypt in the 16th century B. C. This foot covering was of the sandal type and was made of plaited papyrus. Down through the ages many factors influenced the general appearance of shoes. Thus to-day, we find that shoes have become more important as an adjunct to style rather than a protective agent for the foot.

The choice of shoe for your foot must of necessity rest between some concession of style and the closest approach to the shape of the foot. In general a shoe should incorporate the following features. (1) The leather of the upper should be soft and pliable. Vici Kid and Kangaroo are excellent. (2) The heel should be fairly low and broad. (3) The shank should be rigid. (4) The shoe should be fitted snugly at the heel and instep and allow sufficient room at the forepart for proper extension of the toes.

Beware of exaggerated claims for shoes by over-enthusiastic merchants. Shoes are only protective covering for the feet. They do not cure foot trouble.

Another important item of foot gear, often overlooked in the search for a cause of foot defects is hosiery. A short stocking may cause the toes to bunch up and result in an arch deformity. Heavy seams and excessive darning may result in the formation of a corn or callous.

FOOT HYGIENE RULES

(1) Bathe feet daily in warm water, use a good grade of soap and brush the nails. (Mac Donald's Vegetable Soap is very good to use.) (2) Cut the toe nails straight. (3) If your feet perspire excessively and if the cause is not due to any other foot condition shake a quantity of MacDonald's Healing Powder on your feet after your warm foot bath but be sure to dry your feet good before applying the Healing Powder; also shake the dry Healing Powder in each shoe before putting your shoes on. (4) Keep the heels of your shoes straight. Worn over heels cause foot strain. Do not hand down shoes from one child to another. (5) Have your feet examined at regular intervals by your podiatrist.

Podiatry, just like medicine and dentistry, traces its origin to the Barber Surgeon.

The first Podiatry office in the United States was established in Boston about 1840 by an Englishman who had learned his art by the apprentice system. Now, nearly one hundred years later, many colleges and universities teach Podiatry. The course is three years in length with a previous two years of liberal arts required.

The Podiatrist of to-day is as far removed from the old time corn cutter of yester year as the dentist is from the "tooth puller." In a comparatively short space of time Podiatry has changed from the status of a trade to that of a recognized profession, a welcome addition to the field of healing arts.

The training of the modern podiatrist is both long and intensive comprising over 3000 hours of study. In addition to specialized subjects relating to the feet, courses in the basic medical subjects are given. These include Anatomy, Physiology, Histology, Chemistry, Pharmacy, Surgery, Dermatology, Roentgeneology, Neurology, Therapeutics, Hygiene, Bacteriology, Posture, Orthopedics, Physical Therapy Medicine and many others. Nine hundred hours of internship in the foot clinic equip the student with a practical knowledge of the theories taught in the class room. Upon graduation he is required to pass a rigid state examination in order to qualify for a license to practice.

A diploma no matter where it is obtained is not a license to practice. A license to practice is granted only to those duly qualified, met all requirements and finally passed a written examination.

THE ORIGIN OF THE EASTER EGG

Like many of our present day customs of uncertain origin, the use of colored eggs at Easter time has a legendary basis. A famous poet has given the following explanation: "In returning to-day from services at the Holy Sepulcher, I noticed in all the tents where victuals were sold that they also had for sale eggs dyed red. I asked the reason for this color and was told: Once upon a time the Jews gave their children a lot of eggs to throw at Christ as he passed by. Our Lord passed and the children, as they were about to throw the eggs, noticed that they had turned blood red. Frightened by this miracle, the children ran back to their parents with the eggs" and since then it has been the custom to color eggs at Easter time.

In religious rites for thousands of years eggs have symbolized an awakening a new life—and therefore Easter. So when your small boys and girls spend a happy Saturday before Easter painting and dyeing bright baskets of eggs to be carried to small friends on Easter morning, when they exult over Easter Bunnies and thrill over the Easter Egg hunt around the house and through the garden, they are following in the footsteps of children who kept Easter centuries ago.

In some European and Southern countries, gayly colored eggs became love tokens which the young girl gave to the young man of her choice. A strange form of complicated designs was often used on these glorious creations. Dyes, wax bath, more dyes and finally separating lines of brushed on paint produced truly beautiful mazes of color. In many lands each color on an Easter egg had a definite religious significance.

In Russia of the old tsarist regime boiled eggs came out of the kitchen as early as the Wednesday before Easter and were worked upon by the children and their governess in the dining-room. For a medium size family perhaps a hundred eggs would be tinted for the Easter table was set both in the kitchen and dining room and each servant would look forward to at least ten eggs.

Just how the Easter rabbit came in the story is not definitely known, but the English for many years have told their children that if they were good and kind during the year a white hare would visit the house at night and leave bright colored eggs for Easter.

The connection probably springs from the age-old association of the hare and the moon. Easter is in a sense a lunar holiday and the hare born with its eyes open, was fabled as a watcher of the skies as was the moon.

Easter eggs and bunnies are usually associated with children but literature carries many stories of ball-games with colored eggs played on church grounds before the Easter service. There are also references to "Hare Hunts" on Easter.

Coloring Easter eggs back in the nineties was not the simple matter as to-day. There were no special Easter egg dyes, nor transfer designs such as we enjoy now. Mother had to get her colors where and how she could. A beautiful brown was obtained by boiling the eggs in coffee. Most of the other colors were made by soaking colored tissue paper in water or from ordinary dyes for cloth. Many of the colors used were not "fast" and rubbed off on the clothing and hands, and there was no assurance that the dyes were non-poisonous and the eggs were not eaten after they were colored. The range of colors was meager compared with those available to-day and all the egg dyes to-day are non-poisonous and you can eat the eggs to-day after they are colored.

In preparing the eggs to be dyed there are two things to be kept in mind. To boil the eggs, place them in cold water and apply slow heat allowing them to simmer for thirty minutes. Then plunge the eggs into cold water to prevent the formation of the dark ring around the yolk. The ring, though unattractive is entirely harmless. It is formed by iron of the yolk uniting with the sulphur in the white to form an iron salt. Quick heat toughens the protein, making it hard to digest.

WEDDING ANNIVERSARIES

First—Cotton
 Second—Paper
 Third—Leather
 Fourth—Fruit and Flowers
 Fifth—Wooden
 Sixth—Sugar
 Seventh—Woolen
 Eighth—India Rubber
 Ninth—Willow
 Tenth—Tin

Eleventh—Steel
 Twelfth—Silk and Fine Linen
 Thirteenth—Lace
 Fourteenth—Ivory
 Fifteenth—Crystal
 Twentieth—China
 Twenty-fifth—Silver
 Thirtieth—Pearl
 Fortieth—Ruby
 Fiftieth—Golden

Seventy-fifth—Diamond

BIRTH STONES AND THEIR MEANINGS

The January Birthstone THE GARNET

By her who in this month is born
 No gems save Garnets should be worn.
 They will insure her constancy,
 True friendship and fidelity.

The February Birthstone THE AMETHYST

The February-born shall find
 Sincerity and peace of mind,
 Amethyst should wear, lest bitter tears
 Freedom from passion and from care,

The March Birthstone THE BLOODSTONE

Who on this world of ours their eyes
 In March first open, shall be wise;
 In days of peril, firm and brave,
 And wear a Bloodstone to the grave.

The April Birthstone THE BRILLIANT

She who from April dates her years
 For vain repentance flow, This stone
 A Brilliant on the brow should bind;
 Emblem of innocence is known.

The May Birthstone THE EMERALD

Who first beholds the light of day
 In spring's sweet, flowery month of May,
 And wears an Emerald all her life,
 Shall be a loved and happy wife.

The June Birthstone THE AGATE

Who comes with Summer to this earth,
 And owes to June her hour of birth,
 With ring of Agate upon her hand,
 Can wealth long life command.

The July Birthstone THE RUBY

Those who in July are born;
 Wear a Ruby, or for thee
 Then they will be exempt and free
 from Love's doubts and anxiety.

The August Birthstone THE BLACK ONYX

The glowing Onyx shall adorn
 No conjugal felicity;
 The August-born, without this stone,
 'Tis said, must live unloved and lone.

The September Birthstone THE SAPPHIRE

A maiden born when Autumn leaves
 Are rustling in September's breeze,
 'Twill cure diseases of the mind.
 If they the Sapphire will wear.

The October Birthstone THE OPAL

October's child is born for woe,
 And life's vicissitudes must know;
 But lay an Opal on her breast,
 And hope will lull these woes to rest.

The November Birthstone
 Who first comes to this world below,
 With dear November's fog and snow,
 Should prize the Topaz's amber hue,
 Emblem of friends and lovers true.

The December Birthstone THE TURQUOISE THE TOPAZ

If cold December gave you birth—
 The month of snow and ice and mirth—
 Place in your hand a Turquoise blue;
 Success will bless whatever you do.

THE NEW EDITION OF DR. MacDONALD'S BOOK, "SECRETS OF ASTROLOGY REVEALED," HAS JUST BEEN COMPLETED

Dr. MacDonald's book called "Secrets of Astrology Revealed," contains a table that shows at a glance what planet rules any year from 1898 to the year 2002, also important information in regard to weather, etc., for each planet year which follows this table. This book also gives the influence of each planet, their size, also the number of miles from the sun and all other information in regard to the planets.

This book contains other articles on astrology. It also contains Dr. MacDonald's perpetual calendar that tells the day of the week anybody was born from the years 1700 to 2000. Another table that tells a person's age, also a table to find the moon's age from 1814 to 1946.

Send us a Postal Money Order today for one dollar and we will send you a copy of this wonderful book by mail, postage paid. Address all letters and make money orders payable to Atlas Printing Co., Binghamton, N. Y.

Re: Humor

Humor, like history, repeats itself.

* * *

A little humor now and then gives strength to any philosophy.

* * *

People who never change their opinions, usually have none worth changing.

* * *

Nothing in the world can take the place of persistence. Talent will not—nothing is more common than unsuccessful men with talent. Genius will not—unrewarded genius world is full of educated derelicts. Persistence and determination alone are omnipotent.

Calvin Coolidge

* * *

Youth is a blunder; Manhood a struggle; Old age a regret.

Many a man fails to become a thinker for the sole reason that his memory is too good.

It's easy enough to be merry

When there isn't a jolt or a jar,
But the man worth while is the man who can smile

When his wife is driving his car.

"Six months' hard labor, your honor! It'll kill me! I'll never live to do it!"

"There, there, don't start worrying about it now," said the magistrate. "Just go quietly to prison and do as much of it as you can."

Applicant—Well, here I am to see you about that job you advertised.

Boss—I see. Do you think you can do the work?

Applicant—I thought you wanted a foreman!

Mistress—Mary, how is it that the eggs are sometimes boiled soft and sometimes quite hard?

Mary—Well, mum, I'm sure I don't know. I puts 'em in regular as the clock strikes eight, and I takes 'em out without fail when I hears the down bus go by.

BLOSSOMS FOR BRIDES

Orange blossoms belong to brides, but this season they have a new place in weddings. The bride's white satin pumps are being decorated with tiny clusters of artificial orange blossoms at the toe.

There is no man suddenly either excellently good or extremely evil.

A man met a neighbor carrying a bag of apples.

"I've got to leave town for six days," he explained, "so I'm giving the wife an apple for each day I'm away."

"What a charming thought!"

"Yes. Before I knew her she used to be friendly with the local doctor!"

What is the difference between a militia camp and a girl you meet on the promenade?

You put an armed guard around one and a guarded arm around the other.

Navy Officer—You can follow your regular trade in the navy.

Recruit—But I used to be a cowboy.

Navy Officer—So what? You can be a cook and ride the range in the galley!

"Uncle, come and play blind man's buff."

"No, my boy. That's how I met your aunt."

A man informed the Cleveland Press that it was wrong when it listed his name in the marriage license applications as Mieczypy-laws Dzesidoz. The correct spelling, he said, is Mieczyslaws Dziadoz. Said he: "My friends are asking me if I have changed my name."

The new recruits passed an officer without saluting.

"I say, my man, don't you see this uniform I'm wearing?"

"Yes, and look at the thing they gave me!"

"Mabel's husband isn't much to look at, is he?"

"Oh, well, he's at the office all day, she says."

A 10-year-old, who recently gave an organ recital in a village church, said he was not at all nervous. It was the organ-blower who got the wind up.

A number of little girl were boasting of the rank of their respective families. They had passed from clothes to personal appearance, then to interior furnishings, and finally came to parental dignity. The minister's little girl boasted:

"Every package that comes for my papa is marked D.D."

"And every package that comes for my papa is marked M.D.," retorted the daughter of the physician.

Then followed a look of contempt from the youngest of the party. "Huh," she exclaimed, "every package that comes to our house is marked C. O. D."

Feminine Voice (telephoning): "Is my husband at the club?"

Porter: "No, m'am."

Feminine Voice: "But I haven't told you who I am!"

Porter: "Ah knows that, lady, but dey ain't nobody's husband heah nevah."

"Dear Editor: I am in love with a homely girl, but she doesn't seem to care for me, while a pretty girl with lots of money wants to marry me. What shall I do?"

"Marry the one you love and send me the name and address of the other one."

When Elsie Betters hung out a sign showing that she had opened a beauty shoppe, Jerry Hoban painted one in his cigar store saying that he had poppe on ice, the Emporium general store announced the arrival of a line of toppes for Christmas gifts as well as moppes for the kitchen, and Andy Whilks, the garbage man, not to be outdone, put an ad in the Weekly Clarion saying he was now prepared to haul away all kinds of sloppe at popular prices.

A group of little girls had been playing with their dolls when a discussion arose and the mother of the one, whom the others were visiting, stopped to listen. "Well," said one little tot, "I don't believe in storks, the doctor brought me in his big black bag." "And I was bought at the drug store," piped up another. A pause and then another said, "We are too poor so I guess I must have been homemade."

Bill S.—Take two letters from "money" and "one" will be left.

D. S.—Is that a joke?

B. S.—Yes.

D. S.—Well, I know of a fellow who took money from two letters and it was no joke. He got twelve months.

"O my!" Marguerite exclaimed impatiently, "we'll miss the first game. We have been waiting a good many minutes for that mother of mine."

"Hours, you should say," he replied dryly.

"Ours," she cried joyfully, "O, Joe, this is so sudden!"

They're telling of the farmer who brought the colored man into court. The judge studied the charge, and then turned to the colored man. "George Jones," he droned, "this is serious business. You realize that, don't you?"

The colored man nodded. "Yeah, judge," he replied. "Ah sure does."

The judge glanced at the papers.

"This charge states," he advised, "that, while driving your car past the home of Farmer Blair, you hit one of his chickens."

"You then jumped out of your car, chased the injured chicken, caught it, put it in your car—and drove off again."

The judge wiped his glasses.

"I can understand the fact that your car hit the chicken," he went on. "That can be an accident that might happen to anyone. But this business of getting out of your car, pouncing on the chicken, and then driving off with it—well, how do you explain that?"

The colored man lowered his eyes piously.

"It was mah conscience, yo' honor," he alibied. "Ah jest didn't want to be accused of bein' a hit-and-run driver!" . . .

A gold-digger had died, and all her worldly possessions, including a parrot, were being auctioned off.

"What am I offered for this beautiful bird?" said the auctioneer.

"One bean," said a bystander.

"Two bucks," roared another.

"Make it five, daddy," croaked the parrot, "an' I'll give you a kiss."

Vegetable Clerk: "My uncle in Venice is sending me a gondola for Christmas. How am I going to play it?"

Meat Cutter: "You don't play a gondola; you throw it over your shoulder like a shawl."

A small boy had a fight with a playmate in the neighborhood. His mother scolded him and concluded by saying: "It must have been Satan who suggested to you to hit Willie Jones in the eye."

"I wouldn't be surprised," the child replied musingly, "but," he added proudly, "kicking him in the shins was my own

A dear old lady had attended a health lecture, and stayed behind to ask the lecturer a question.

"Did I understand you to say," she asked, "that deep breathing kills microbes?"

"I certainly did say that many microbes are killed by deep breathing," replied the lecturer.

"Then can you tell me, please," she asked, "how one can teach the microbes to breathe deeply?"

What changes will take place in the world in the next 1,000 years? . . . Possibly medical science will have extended the life of man to 200 years. . . . Tunnels under the oceans may connect continents. . . . A trip around the world may require only 24 hours.

THE BEST DAYS FOR WEANING BABIES IN 1942

To successfully wean a child, do so when the moon is in Aquarius, Capricorn or Sagittarius. The following dates are suggested:

January 12-13-14-15-17-18

February 9-10-11-12-13-14

March 8-10-11-12-13

April 4-5-6-8-9-10

May 2-3-4-5-6-29-31

June 1-2-3-25-26-27-29-30

July 23-24-25-26-28

August 20-21-22-23-24

September 15-16-18-19-20-21

October 13-14-15-17-18

November 9-10-11-12-13

December 6-8-9-10-11

BEST DAYS TO SET HEN'S EGGS IN 1942

Best days for setting eggs so that the chicks will hatch out when the moon is on the increase and in the most productive and vigorous sign, Cancer, are:

January 8-9-10 to hatch out in January 28-29-30 June 21-22-23 to hatch out July 11-12-13

February 5-6 to hatch out February 26-27 July 18-19 to hatch out August 8-9

March 4-5 to hatch out March 24-25 August 16-17 to hatch out September 4-5

March 31 to hatch out April 20 September 11-12-13 to hatch out October 1-2-3

April 28-29 to hatch out May 18-19 October 8-9-10 to hatch out October 28-29-30

April 1-2 to hatch out April 21-22 November 5-6 to hatch out November 25-26

May 25-26-27 to hatch out June 14-15-16 December 2-3 to hatch out December 22-23

BEST DAYS FOR DESTROYING WEEDS IN 1942

The best days for destroying weeds, noxious growth and deadening trees are when the Moon is in the signs of Sagittarius, Aquarius and Virgo. Some good dates are:

January 3-4-6-7-26-27-31

February 2-3-23-24-27-28

March 1-2-3-21-22-23-26-27

April 18-19-23-24-25-26

May 15-16-17-20-21-22-23-24

June 12-13-14-16-17-18-19-20

July 9-10-14-15-16-17

August 5-6-10-11-13-14

September 1-2-3-6-7-8-9-10-28-29

October 4-5-6-7-26-27-31

November 2-3-4-22-23-24-27-28-29-30

December 1-24-26-27-28

When possible always try and pull weeds, destroy noxious growth and turn sod when the Moon is in the last quarter.

Always try and plant bulbs for seed during the 3rd and 4th quarter but if you want them for bloom then plant during the 1st or second quarter increasing same as flowers.

Vegetation which produces its yield under the ground such as potatoes, carrots, turnips, onions, beets and other vegetables should be planted under when the moon is in the sign of Cancer, Scorpio and Pisces during the third and fourth quarters of the moon.

At the heading of the calendar pages in this Almanac you can find the moon's quarterly changes and the date of each change and on the page under heading Position of the Moon you can find the days the moon is in the signs of Pisces, Cancer and Scorpio the water and fruitful signs. The next best signs are when the moon is in Libra, Taurus and Capricorn 3rd quarter is the full moon and the 4th quarter is the last quarter and both are decreasing moons.

During the first and second quarter the moon is increasing in light. Never plant when the moon changes quarters and when possible avoid the days of the new moon for planting.

During the first quarter increasing plant vegetables that grow above the ground such as cabbage, corn, rye, wheat, oats, barley, celery, cucumbers, lettuce, asparagus and cauliflower.

During the 2nd quarter increasing plant pumpkins, squash, beans, tomatoes, cantaloupe, water melons, peppers and egg plant.

BE GUIDED BY THE SIGNS FOR PLANTING

About the time of the Moon's last quarter, the interior of the Earth cools from that time on to the first quarter of New Moon. During this time the Earth slows down. For these reasons, crops whose roots are dependent on their value, should be planted in the "dark" of Moon, when the Earth is cool, or, old of Moon and upward growth will be slow, thus favoring root growth.

Top crops, those whose growth is above the Earth, should be planted when the Earth is internally warm and the plants and stalks will shoot up quickly and make much top growth, fill up and head out better and make but little root. This period is during new and increasing Moon and best in fruitful signs, but not on first day of New Moon.

The internal heating and cooling of the earth goes on as regularly as the phases of the moon regardless of the temperature of the atmosphere.

PLANT FATAL DAYS

In August and the old of the Moon last quarter. When the Moon is in Leo, all forces of nature in the vegetable kingdom recede to their utmost, the last bud of the season has been formed, the negative and positive of earth and air divide and seem to balance accounts, as it were. This is a critical time in plant life and therefore the time of Plant-Fatal Days.

FALL PLOWING

Fall plowing should be done when possible on sod ground, clay or heavy soils although it can be done on land in any condition.

Plowing in the fall permits the soil to be broken up by the frost which pulverizes the lumps better than can be done by the plow and which also destroys myraids of insects or germs of them as they are made helpless by the action of frost upon them and the ground will work up in better condition in the spring, at planting time.

If the soil can be covered by stable manure, spread either light or heavy and then plowed under, it will benefit the land and greatly increase its productiveness.

Sandy or light soil are less benefited (they may be manured and plowed in the spring) as it is on the heavy soil that the most good is accomplished by the fall manuring and plowing.

Pluto, the latest addition to the solar system which lies at the enormous distance of nearly four thousand million miles from the Sun and cannot be seen except with the help of the largest telescope available. During this year it will be near the meridian at midnight at the end of January.

GRAPE VINES, PRUNING AND TRAINING

Grape vines may be propagated by means of seedlings, cuttings, layers or grafts, but seedlings are good only for originating new varieties and the young plants are seldom used even for grafting.

By nature the grapevine is a great Rambler. Some forms are found in the woods striving to overtop the tallest trees. Other forms are grown as mere bushes, 2 to 3 feet high, producing crops ranging from 1 to 20 tons of fruit to the acre. No other fruit bearing plant responds so generously to attention, adjusts itself to so many conditions or is used for such a variety of purposes. For these reasons its culture has always kept pace with cultivation.

Native species of the grape are found in nearly all parts of the world, and no country has a greater number of them than the United States. It is therefore reasonable to conclude that grapes can be successfully grown almost everywhere in this country.

PRUNING

To prune intelligently the age, size and conditions of the plant, the location, climate, soil and other features of its environment and the principles governing its life must be considered.

GRAFTING

There are many so called methods of grafting. Bench, nursery and vineyard grafting are resorted to in general vineyard practice.

In vineyard grafting the vines are grafted while growing where they are to remain.

The treatment given vines during the early years of their growth largely determines the profit and pleasure to be derived from them. If they are improperly cared for during this period they will not yield satisfactory returns afterwards.

FORMULA FOR GRAFTING WAX

An excellent formula for making grafting wax is as follows: Melt together until thoroughly mixed four pounds of resin, two pounds of beeswax and one pound of tallow and then pour it into a pan or large dish of cold water. When the wax has cooled pull it like taffy candy until it becomes light and smooth. The hands should be greased with the tallow for handling the wax.

After the wax has been worked until it is thoroughly mixed and smooth it should be shaped into balls and sticks and kept in a place that is always cool. Paraffin may be used in the place of beeswax as it is just as good and much cheaper.

HAIR

To stimulate growth of hair trim in first or second quarter when the Moon is in Cancer, Scorpio or Pisces.

PERMANENT WAVE

Have permanent waves done in the second quarter of the Moon or under the hours ruled by the Moon or Venus.

Have waving of the hair done in the second quarter or when the Moon is in Aries.

DENTAL WORK

Have teeth extracted during the increase of the Moon in the first or second quarter but do not choose a day in the signs of Cancer, Aries or Libra but a day under your ruling planet or under Mars or Saturn hours.

Have your teeth filled when the Moon is decreasing.

Have plates and the impression made when the Moon is decreasing.

During the past we have many inquiries from our customers for a larger Dream Book, one with lucky or policy numbers so now we have been able to get a large Dream Book. This book is called "Solid Gold Dream Book" and it has 120 pages bound in a beautiful gold color cardboard cover, very attractive, contains over 1000 dreams and their meaning also 2 sets of numbers, clearing and policy numbers for each Dream and the price is now only 50 cents a copy, 3 copies for \$1.00 and 6 copies for \$1.50 sent by mail postage paid. Agents wanted to sell these Dream Books.

WEIGHTS AND MEASURES

APOTHECARIES' WEIGHT

20 grains	1 scruple
3 scruples	1 dram
8 drams	1 ounce
12 ounces	1 pound

The ounce and pound in this are the same as in Troy Weight.

AVOIRDUPOIS WEIGHT

27 11-32 grains	1 dram
16 drams	1 ounce
16 ounces	1 pound
25 pounds	1 quarter
4 quarters	1 hundredweight
2,000 pounds	1 short ton
2,240 pounds	1 long ton

CIRCULAR MEASURE

60 seconds	1 minute
60 minutes	1 degree
30 degrees	1 sign
90 degrees	1 quadrant
4 quadrants 12 signs, or 360 degrees	1 circle

CLOTH MEASURE

2½ inches	1 nail
4 nails	1 quarter
4 quarters	1 yard

CUBIC MEASURE

1,728 cubic inches	1 cubic foot
27 cubic feet	1 cubic yard
128 cubic feet	1 cord (wood)
40 cubic feet	1 ton (shipping)
2,150.42 cubic inches	1 standard bushel
268.8 cubic inches	1 standard gallon
1 cubic foot	about 4.5 of a bushel

DRY MEASURE

2 pints	1 quart
8 quarts	1 peck
4 pecks	1 bushel
36 bushels	1 chaldron

LIQUID MEASURE

4 gills	1 pint
2 pints	1 quart
4 quarts	1 gallon
31½ gallons	1 barrel
2 barrels	1 hogshead

LONG MEASURE

12 inches	1 foot
3 feet	1 yard
5½ yards	1 rod
40 rods	1 furlong
8 furlongs	1 statute mile
3 miles	1 league

MARINERS' MEASURE

6 feet	1 fathom
120 fathoms	1 cable length
7½ cable lengths	1 mile
5,280 feet	1 statute mile
6,085 feet	1 nautical mile

MISCELLANEOUS

3 inches	1 palm
4 inches	1 hand
6 inches	1 span
18 inches	1 cubit
21.8 inches	1 Bible cubit
2.5 feet	1 military pace

SQUARE MEASURE

144 square inches	1 square foot
9 square feet	1 square yard

30¼ square yards	1 square rod
40 square rods	1 rood
4 roods	1 acre
640 acres	1 square mile

SURVEYOR'S MEASURE

7.92 inches	1 link
25 links	1 rod
4 rods	1 chain
10 square chains or 160 square rods	1 acre
640 acres	1 square mile
36 square miles (6 miles square)	1 township

TROY WEIGHT

24 grains	1 pennyweight (pwt.)
20 pwt.	1 ounce
12 ounces	1 pound

Used for weighing gold, silver and jewels.

PAPER MEASURE

24 sheets	1 quire
20 quires	1 ream (480 sheets)
2 reams	1 bundle
5 bundles	1 bale

TIME MEASURE

60 seconds	1 minute
60 minutes	1 hour
24 hours	1 day
7 days	1 week
28, 29, 30 or 31 days	1 calendar month
30 days	1 month in computing interest
365 days	1 year
366 days	1 leap year

CONVENIENT LAND MEASURES

10 rods by 16 rods	1 acre
8 rods by 20 rods	1 acre
5 rods by 32 rods	1 acre
4 rods by 40 rods	1 acre
5 yards by 968 yards	1 acre
10 yards by 484 yards	1 acre
20 yards by 242 yards	1 acre
40 yards by 121 yards	1 acre
220 feet by 198 feet	1 acre
110 feet by 396 feet	1 acre
60 feet by 726 feet	1 acre
120 feet by 363 feet	1 acre
300 feet by 145.2 feet	1 acre
400 feet by 108.9 feet	1 acre

WEIGHTS OF EVERYDAY THINGS

A barrel of flour weighs	196 lbs.
A barrel salt weighs	280 lbs.
A barrel beef weighs	200 lbs.
A barrel pork weighs	200 lbs.
A barrel fish weighs	200 lbs.
A keg of powder equals	25 lbs.
A stone of lead or iron equals	14 lbs.
A pig of lead or iron equals	21½ stone
Anthracite coal, broken—cubic foot averages	54 lbs.
A ton loose occupies	40-43 cubic feet
Bituminous coal, broken—cubic foot averages	49 lbs.
A ton loose occupies	40-48 cubic feet
Cement hydraulic Rosendale, weight per bushel	70 lbs.
Cement hydraulic Louisville, weight per bushel	62 lbs.
Cement hydraulic Portland, weight per bushel	96 lbs.
Gypsum, ground, weight per bushel	70 lbs.
Lime, loose weight per bushel	70 lbs.
Lime, well shaken, weight per bushel	80 lbs.
Sand at 98 lbs. per cu. ft., per bushel	122½ lbs.
18.29 bushels equal a ton. 1.181 tons cubic yard.	

WHAT DREAMS MAY COME

There are four kinds of dreams. The first, between sleeping and waking, or dreams proper; the second, those which one sees concerning another, or a vision; the third, those whose interpretation is shown to the dreamer, or a revelation; the fourth, those which are related to the dreamer in a nocturnal vision. There is also a kind of combination of the above called apparition.

Those who would have true dreams must have an undisturbed mind, a sound body and an intellect not made dull by late suppers or strong drink, not sad by poverty, nor excited, angry or incited by vice.

Every dream has its signification and dreams commonly go by contraries. Dreams possess an element of warning and we are more or less informed of events which afterward happen. When the body is asleep the soul is awake and transports itself everywhere, even where the body would be unable to go.

A dream is that which shows the truth hidden under certain things. A vision is simply a thought happening while the person is half asleep and half awake. A reverie occurs when the person has been thinking steadily on a subject throughout the day and dreams of it at night. An apparition is simply a vision that occurs to the individual persons. Dreams that occur while the mind is tranquil and the stomach empty are often fulfilled.

To dream of roads indicates fortune; if clear and bright, good fortune; if dark and gloomy, evil fortune and future reverses. Rings signify marriage, money and friendship. The serpent is the emblem of falsehood and enmity and denotes enemies. It should put a person on his guard, as it forewarns him of trouble, vexation and annoyance. The coffin, the emblem of death, signifies long life and happiness; also an increase of property through industry, it also portends news from friends at a distance. The dog, the emblem of fidelity, denotes friends and jealousy.

To dream of squares indicate peace and prosperity; oblong figures, domestic troubles. Straight lines indicate peace, journeys, happiness and long life. Wavy and crooked lines indicate vexations and conveyance; if crown or triangle, it denotes unexpected fortune. To dream of a cross means the death of a friend and denotes adversity, trials and sorrow. To dream of flowers is fortunate, it indicates joy, happiness, speedy riches, a prosperous marriage and a happy life. Letters indicate news; if they are clear and easily read they indicate welcome news. To dream of trees indicates good health and a fulfillment of a person's wishes. To dream of mountains indicates friends and good fortune. Clouds signify success, the brighter they are the greater the person's happiness. To dream of the sun, moon and stars denotes happiness and good fortune high honors, change in life, respectability and industry, according to their brightness.

To dream of birds is fortunate: it signifies that the person will overcome his difficulties by perseverance. To dream of animals in general (excepting the dog) denotes misfortune, loss by theft, trouble difficulties, and that the person must use the utmost watchfulness to overcome these things. To dream of children denotes trouble in a person's love affairs; and great expenses coming unexpectedly. To dream of women denotes happiness and joy in general. To dream of men indicates visitors, presents, etc. To dream of worms or creeping things, clocks, woods, or any disagreeable thing, indicates rivals in love affairs and in business matters, hypocrisy, deceit and false friends. To dream of fish signifies news from abroad, confidence of friends, travel, money, fortunate events, improvement in the person's affairs. To dream of houses or large cities indicates a favorable change in the person's fortune, and that they must be cautious and careful in their dealings. To dream of traveling denotes embarrassment and delays.

DR. MACDONALD'S

DREAM BOOK

**THE MOST COMPREHENSIVE BOOK
ON THIS SUBJECT EVER WRITTEN.**

Fortune Telling Cards

Zodiac Fortune Telling Cards—the up-to-date method of telling fortunes—are based on the Science of Astrology and illustrated with the Signs and Symbols of the Zodiac in accordance with the best authorities. The principal meanings of the cards are clearly printed on their faces, making it an easy task, for you to tell the "fortunes" of yourself and friends without any previous knowledge or long study. Many people claim these cards **ACTUALLY FORETELL FUTURE EVENTS**. Zodiac Fortune Telling Cards will afford you many pleasant hours of entertainment and amusement. Know what the future has in store for you.

These beautiful designed cards are neatly printed, processed to give a special gloss finish, and attractively boxed with an especially illustrated instruction chart.

During the past many of our friends and customers have written us in regards to Fortune Telling Cards so this year we have been able to secure a few packs of Fortune Telling Cards. We have two different kinds, one of the Zodiac Fortune Telling Cards with lucky numbers. These cards are the up to date method of telling fortunes by cards. This deck consists of a set of 30 cards with two lucky numbers on each card also complete directions for using them. These cards are based on the science of astrology and illustrated with the signs and symbols of the zodiac and actually foretell future events and will afford you many pleasant hours of entertainment. These beautiful designed cards are neatly printed with a special gloss finish and attractively boxed with especially illustrated instruction chart and the price is only one dollar a pack sent by mail postage paid.

FORTUNE TELLING BY CARDS

We also have another Fortune Telling Cards called the Egyptian Fortune Telling Cards. This pack contains 79 cards with 7 lucky numbers on each card also contains a booklet of 32 pages that contains 116 questions covering the majority of problems that come up in your daily life. These cards contain 587 answers to the questions in this booklet. These are about the most complete pack of Fortune Telling Cards we have ever had and the price has been reduced to only \$1.50 a pack also sent by mail postage paid. Kindly send us Postal Money Order and we will send you the cards at once. Address all letters to **Atlas Printing Co., Binghamton, N. Y., U. S. A.** If you live in Africa send us British Postal Notes or Postal Money Orders and address letter to **A. C. MacDonald, Binghamton, N. Y., U. S. A.** If you live in British West Indies then send us British Postal Notes by registered mail and if you will send us 15 cents extra we will send your cards to you by registered mail. Do not send us foreign or Canadian postage stamps on any of our orders as we cannot use them.

ATLAS COMPOUND

A MARVEL IN MEDICINE

ATLAS COMPOUND is a Medicine that contains Powdered Ipecac, Powdered Gentian, Powdered Ginger, Aloin and Soda Bicarbonate and is recommended and may be used for various ailments of the stomach, Bowels and Liver complaints. It is **CARMINATIVE, STOMACHIC** and some **LAXATIVE** and may be used for Constipation, but we always advise using our **MacDONALD'S AC-SO TABLETS** for Constipation and Sluggish Liver. These tablets should be taken while using **ATLAS COMPOUND**.

ATLAS COMPOUND has solved the great problem of how to keep well and how to banish disease arising from Impure Blood. It is marvelous in its results, yet it is perfectly harmless and pleasant to take, as it is a purely vegetable preparation.

THE CAUSE OF DISEASE

If the nervous system becomes debilitated by bad habits, over worked emotions, and the accumulation of waste products from an excessive amount of improper foods and drinks and a deficient body drainage, disease of one kind or another is most certain.

One of the principal causes of Senile decay or aging of the body and hardening of the arteries, is the continuous auto-intoxication of the system through indigested food in the large intestine (the process of digestion is not completed in the stomach) and many people owe their condition to this cause.

Harmony of function and perfect health can only come when the blood is clean and drainage from the body effective and sufficient. We believe experience has abundantly proven that the remedy to keep the vital organs performing their functions properly and in complete harmony is **ATLAS COMPOUND**. It aids nature in acting favorably on the three great flood gates of the body-skin, bowels and kidneys, which eliminate the waste products.

ATLAS COMPOUND sells on its merits. We believe it is the best Medicine on Earth. It is Marvelous and Truly Wonderful. We receive a good many flattering testimonials about **ATLAS COMPOUND**; for good reasons we do not publish many of these testimonials. When you hear of these wonderful results you should be convinced that **ATLAS COMPOUND** is the Greatest Medicine on the market. It sells **EVERYWHERE** because it **HELPS SICK PEOPLE** and everybody can afford it. It is the **CHEAPEST** Medicine.

ATLAS COMPOUND is put up in the form of compressed sugar coated tablets. They are easy to take, easy to carry and will keep in any climate. Each Sixty Cent Box contains sufficient medicine for an ordinary case. Long standing cases which have become Chronic may require three or more boxes to get the system in normal condition.

PRICE 60 CENTS PER BOX.

Ask your Druggist for Atlas Compound. If he does not have it, we will send a regular size box on receipt of 60 cents and your full address together with the name of your Druggist.

Always see that the SIGNATURE is on every box thus:

J. Mac Donald, M.D.

To imitate which is Forgery

IF YOU MUST TAKE MEDICINE TRY
ATLAS COMPOUND
THE BEST MEDICINE ON EARTH.

OUR GUARANTEE

We wish to impress a FACT on the mind of those who are sick and wish to try ATLAS COMPOUND, it is this: Do not expect ONE BOX to help a disease that has perhaps, been years developing. One box will often help acute cases. One box will bring a certain amount of relief, and one box will convince anyone that it is just the medicine they need. All we ask is a trial, but after you have been failing for years and have no doubt tried various other remedies and spent hundreds of dollars for medicines, don't imagine one box will be sufficient.

For sluggish Liver, Biliousness or Constipation, vertigo, great distension of the abdomen, intestinal disorders and as a preventative of Appendicitis, TRY MacDONALD'S SPECIAL AC-SO TABLETS. These may be taken while using ATLAS COMPOUND.

ATLAS COMPOUND
PRICE 60 CENTS A BOX.

"TRY THE DRUG STORE FIRST"
